## Day 2:

This morning visit downtown Quito and its architectural treasures on a private city tour. Quito's UNESCO-listed colonial quarter is one of the largest and best-preserved in South America. Your stroll takes you through Independence Plaza, past the Cathedral and the Presidential Palace, and on to the temple of La Compañía de Jesús with its dazzling gilded interior and the impressive façade of the Monastery of San Francisco. Touring continues with the Equatorial Monument that marks the exact point of the Middle of the World. With a latitude of 0°, you can stand with a foot in each hemisphere and collect a certificate for having crossed the Equator. Next visit the Ethnographic Museum to learn about the different Native American groups living in Ecuador. Lunch is served at a local restaurant. Overnight - Quito

## Days 3 - 5:

Quito – Amazon. A scenic flight over the majestic Andes mountains followed by a motorised canoe ride along the Napo River brings you to your stunning jungle lodge. Over the next three days you will have plenty of opportunities to discover the pristine Ecuadorian rainforest and its colourful characters. During the day venture out into the wilds for wildlife spotting and outdoor activities and at night share your stories with the other guests at the lodge as the sounds of the jungle create your very own soundtrack.

Swim in the local lakes, observe bird species from the mini observational towers, visit the vibrant butterfly house and explore the jungle at night on foot or by boat looking out for the glowing orange eyes of the black caiman. There'll also be numerous hiking trails available along the Rio Napo or deep into the rainforest and for those looking for a bird's eye view, the canopy walkway is the perfect vertigo-inducing experience. Overnight - [Amazon Jungle - Ecuador](#)

## Days 6 - 7:

Amazon – Quito – Otavalo – Quito. After your final breakfast in the Amazon, take an easy walk on the boardwalk to watch monkeys one last time before departing your jungle lodge and heading back to Quito by plane. On arrival you will take a scheduled transfer to your hotel. The rest of the day is free.

On day 7 enjoy a semi-private excursion to the market town of Otavalo. A stunning journey through dramatic Andean scenery brings you to your first stop of the day, the small town of Calderón popular for the bread dough figurines sculpted into many shapes and sizes. Continue along the valleys of Guayllabamba and Cayambe to arrive at Otavalo in time for the famous market of local handicrafts. It's the perfect time for souvenir shopping with stalls piled high with ponchos, scarves, blankets, woven belts (fajas), handbags and much more. Next stop is the traditional Indian village of Peguche where artisans weave in their homes. Lunch is taken at one of the charming haciendas in the area. Overnight - [Quito](#)

## Days 8 - 9: Cuenca

Quito – Cuenca. This morning a scheduled transfer takes you to the airport in Quito for your flight to Cuenca, the colonial jewel of the south. Considered to be one of Ecuador's most beautiful cities, Cuenca is surrounded by the Cullca hills to the north and Turi to the south. Spend the next two days independently exploring Cuenca at leisure. Head down to the Rio Tomebamba to see the overhanging houses lining the slopes and colourful laundry hanging out to dry or wander through the colonial heart of the city and marvel at the UNESCO-listed architecture. ## Day 12:

The sandy white beaches of Santa Fe Island are home to numerous male sea lion harems where bulls vie for the right of 'beach master' while smaller males masquerade as females to make stealthy mating moves. You'll also find Galápagos hawks perched atop salt bushes and giant prickly pear cactus with trunks the size of trees. Snorkelling and swimming opportunities abound or you might prefer to stay dry on a glass-bottom boat.

Continue to the small, lava-formed island of South Plaza where the turquoise waters contrast brilliantly with the white sand and black rock of the shoreline littered with bright orange 'Sally Lightfoot' crabs. Further exploration of the island reveals yellow land iguanas sitting beneath cacti waiting for pears to drop. Overnight - [Galapagos Islands](#)

## Day 13:

This morning visit the Charles Darwin Research Station, the headquarters of scientific investigation, conservation and the National Park administration in the Galápagos. Meet the giant tortoise and visit the impressive giant prickly-pear cactus forest, home to many land birds. Lunch is enjoyed in the cooler highlands of the island.

The afternoon brings with it several different options for land and water based activities. There's also the option to spend the day SCUBA diving, at an additional cost. Overnight - [Galapagos Islands](#)

## Day 14:

Enjoy a morning outing to Punta Suárez for an exciting walk over lava and boulder terrain to visit unique sea bird colonies of waved albatross, Nazca boobies and swallow-tail gulls.
