Dear Traveller,

Visas are required by all visitors to Jordan. These are issued at both the border and airport upon arrival, and are also easily procured from the Jordanian Embassy in London for much the same price and will save you from the hassle on arrival.

Visas for UK, EU, Australian, US and Canadian passport holders are issued at Aqaba Seaport (our point of entry from Egypt) free of charge and available for purchase at Amman International Airport. Multiple entry visas can only be arranged in your country of origin.

For our Middle East Explorer expeditions, the group will get their visas at the border en route. Please ensure that you have the visa for the start country in advance. The nationalities that can get the visas at the borders en route are UK, Australian and New Zealand passport holders. All other nationalities need to check with the relevant embassies. If you would like **on the go** to procure your Jordanian Tourist Visa, prior to departure we will need you to complete and collate the following documents and return them to us as speedily as possible, so that we can apply for your Jordanian visa a maximum of 3 months prior to your entry date into Jordan:

- Jordanian Tourist Visa application form completed in BLACK ink with ONE passport sized photo attached
- Passport with at least 6 months validity, in clean condition and with at least one free page (not the observations/remarks page)

JORDAN TOURIST VISA FEE	SINGLE

For all other nationalities, please call us for details of fees.
