It will take approximately ONE -TWO working weeks from the time you have lodged your passport, for the Kenyan High Commission to issue you a Kenyan visa. We will call you on your daytime number, as soon as your passport is returned from the Embassy. Sometimes, particularly during the busy summer months, delays can occur. Please exercise patience. Please note: Visa procurement remains the responsibility of the client. Whilst we do our best to ensure that information featured here is current, visa requirements and fees can fluctuate.

## WHICH ONE - SINGLE ENTRY OR DOUBLE?

For those travelling to the gorillas, please only apply for a single entry visa. Currently there is no agreement between Uganda/Rwanda/DRC and Kenya, so you will need to get another Kenyan visa upon your return to Kenya (regardless if you have a single or double entry visa stamp). For all other trips, a single entry visa is recommended. As even when returning back into Kenya a single entry visa is sometimes allowed - it all depends on the border guards. If a second visa is required it can be purchased at the border.

## NOTE:

For those travelling on a Northbound Overland Camping Safari that ends in Nairobi, your Kenyan Visa will be procured en route if you are a UK, Australian and New Zealand passport holder. For all other nationalities, please check with the relevant embassies.
