the town of Narok and continue our drive possibly getting a glimpse of some wildlife along the way. We arrive at our campsite, Acacia Camp in the late afternoon. Acacia Camp looks on to the Meguarra hills and the stream that meanders by on the bottom end forms a natural border to the Masai Mara National Reserve.

The next morning we depart shortly after sunrise on our game drive into the Masai Mara Reserve. The Masai Mara is well known as one of East Africa's best National Reserves and is home to a wide variety of wildlife species. Most famous for the Annual Migration, that consists of the impressive herds of over 1 million wildebeest, zebra and Thomson's gazelle that cross over from the Serengeti National Park in Tanzania; the Masai Mara is most popular between July and October when these vast herds feast on the fresh grazing here. Following these herbivores are Africa's predators that are often seen at a kill during this period. We game drive through a section of the park in search of the 'Big 5' - elephant, rhino, buffalo, lion & leopard; along with the many other species of animals, reptiles and birds who make call this wilderness home.

After our game drive, we have the option to visit one of the nearby Masai Manyatta's - this is a traditional hamlet where the Masai still live in their traditional way. This evening we sit around the camp fire, and watch the sun set over this "Garden of Eden".
Overnight - Masai Mara N.P. (B:1, L:2, D:2)

Days 4-5 : Kisumu & Kampala

Masai Mara - Kisumu - Kampala (Uganda). Leaving the Masai Mara early on day 4, we head out of Masai Land and pass through the scenic tea plantations of Kericho before descending the Rift Valley Plateau, on our way to Kisumu - Kenya's harbour town on the banks of Africa's largest lake, Lake Victoria. We replenish our supplies and overnight here.

The following morning, we cross the border into Uganda where we overnight it the capital city, Kampala. Uganda is a small country of striking physical beauty. Its landscapes vary from the fertile green areas around the northern shores of Lake Victoria to the snow capped Ruwenzori Mountains in the west and the semi-desert region in the north. The political instability that has haunted Uganda in the past has actually had the positive effect of leaving the country free of the over commercialism so common in other parts of Africa. The current administration under President Museveni has devoted considerable effort and funds to return Uganda to its former status as one of Africa's most prosperous and, from a tourist's point of view, one of the most appealing and interesting countries to visit. **Overnight - Kisumu (1), Kampala (1)** (B:2, L:2, D:2)

Days 6-9 : Lake Bunyoni & Gorilla Trekking

Kampala - Lake Bunyoni. After an early morning departure from Kampala we drive west into the depths of Uganda to our base at the tranquil Lake Bunyoni.

Lake Bunyoni, the deepest Crater Lake in Africa and home to a large and varied number of beautiful birds, is the base from which the optional Gorilla trek takes place. Dependent on where trekking permits are available, we trek in the Magahinga or Bwindi National Parks in Uganda, the Virunga National Park in the Democratic Republic of Congo, or the Ruhengeri National Park in Rwanda. The prices of trekking permits fluctuate and may change without prior notice - currently they are priced at US \$500. There is a local transport & handling fee of US\$65 to US\$70 per person (this covers the return public transfer and the Wildlife Authority's booking fee). For trekking in the DRC or Rwanda (the trip leader will advise at the pre departure meeting as to where the permits have been secured, and will assist with the online visa application for Rwanda en-route if needed), we will also have to purchase an additional visa to enter either country, as well as renewing our Ugandan visa upon re-entry. We also advise budgeting a little extra for tips for the local guides and rangers. Please budget accordingly as payment for the permit must be made in US\$ cash at the pre departure meeting.

Trekking Procedures: The mountain gorilla (Gorilla Gorilla Berengei), of which there are still only about 700 remaining, are one of our closest living relatives. A visit to these gentle giants in their natural environment is a unique and wonderful experience - one you'll never forget. The park rangers monitor the gorillas on a daily basis and have a fairly good idea of where they are. However, they are free roaming animals, and their sighting cannot be guaranteed. As the gorillas share much of our DNA, anyone with even the slightest cold or transferable illness will not be permitted to trek. Trekking is also only open to people over 16 years old.

Due to the restrictions on the daily numbers of visitors to these incredible animals, we depart from our base in Bunyoni in small groups over 3-4 days, depending on the group size. We wind our way through arguably some of the most picturesque scenery in Africa en-route to the National Park. Dependant on where permits are available, we may spend a night in either Kisoro or in Rwanda. The following morning, after packing our picnic lunch, we are transferred to a ranger's station where the trek commences. Your rangers will lead you through the cultivated lands and then into

the dense rain forest and on to a gorilla family. Trekking can take anywhere from 45 minutes to 8 hours (not including transfer time) and it can be quite strenuous, so a reasonable level of fitness is required. To ensure the gorillas do not get too used to the presence of humans and because they share many of our genes (and therefore able to catch our diseases), the maximum time permitted to spend with them is 1 hour. You will have plenty of time to watch their activity and to take photographs. The rangers will be able to provide you with a background to the family you are visiting. Once your hour is up, you trek back out of the rain forest to your meeting point where you will be transferred back to the Lake Bunyoni campsite.

You needn't feel like you're exploiting these animals. The ever-growing number of tourists trekking them each day play a vital role in their survival. For years they have been ruthlessly hunted for their hands and heads, which have been sold as ashtrays and lampshades! In addition, large numbers have been killed whilst trying to stop poachers stealing the babies for sale to zoos, where they have never lived long. 100% of the gorilla permit cost is used to by the parks authorities to finance patrols that are instrumental in protecting the gorillas from poachers and their lethal snares and on promoting these wonderful animals.

Depending on where the trek takes place you may also pass through some of the local villages that have settled in this region due to the high number of refugees fleeing from the Rwandan Genocide, or from the continued unrest in the DRC. The villagers in this area are mostly subsistence farmers, and families that farm against the slopes of the volcanoes. It is impressive to see how they have ploughed, planted and harvest their crops in such an unlikely landscape.

During the time that you are not trekking there is plenty to see and do around beautiful Lake Bunyoni. Spend days at leisure relaxing around the lake. There is the option to swim, visit the local villages walk, hike or partake in water activities. Or just sit back and enjoy the tranquil surrounds. **Overnight - Lake Bunyoni** (B:4, L:4, D:4)

Days 10-11 : Kampala & Jinja

Lake Bunyoni - Kampala - Jinja. After marvelling at the experience of our gorilla encounters and enjoying the peaceful Lake Bunyoni, we begin our drive back to Kampala. We cross the Equator for the second time and stop for the classic "one foot in each hemisphere" photo opportunity. We overnight in Kampala and have the opportunity to sample its night life!

On day 11 we have the option of visiting the Ngamba Island Chimpanzee Sanctuary or heading to Jinja for a selection of adventure activities including white water rafting at the source of the White Nile, quad biking or visiting a volunteer and community project. Spend the afternoon relaxing on the banks of the river, or ticking off the wide variety of water birds in this area. **Overnight - Kampala (1), Jinja (1)** (B:2, L:2, D:2)

Days 12-13 : Lake Nakuru

Jinja - Nakuru - Naivasha (Kenya). Departing early, we head back to Kenya and spend the night outside Nakuru at a lovely campsite on a local farm. Nakuru is Kenya's 4th largest town and capital of the Rift Valley Province and lies adjacent to the small but wildlife rich Lake Nakuru National Park.

The following morning we begin our exploration of the Lake Nakuru National Park - famous for the thousands of lesser and greater flamingos that flock to this soda lake's edge. The numbers vary depending on the water level, and when it's low, the lake almost turns pink. A truly spectacular sight! The park was established as a sanctuary for black and white rhino, which are often seen. We spend the day searching for these pre-historic looking beasts as well as the elusive leopard, encountering buffalo, giraffe, various antelope and the occasional hippo along the way. After our game drive, we head to Lake Naivasha arriving in the late afternoon. **Overnight - Nakuru (1), Naivasha (1)** (B:2, L:2, D:2)

Days 14-15 : Lake Naivasha & Nairobi

Naivasha - Nairobi. Lake Naivasha, is home to a multitude of bird life, the most magnificent being the African Fish Eagle with his regal cry. At 1880 m, this is the highest of the Rift Valley lakes. We spend the day enjoying optional excursions like Elsamere (former home to Joy & George Adamson of Born Free fame), a boat ride to the Crescent Island Game Sanctuary or a bike ride around Hell's Gate National Park.

After breakfast on day 15, we head back to Nairobi. On arrival we bid farewell to members of the group who will be ending their trip here before heading to our campsite for the night. **Overnight - Naivasha (1), Nairobi (1)** (B:2, L:1, D:1)

Days 16-19 : Optional Serengeti & Ngorongoro

Nairobi - Arusha (Tanzania). On day 16 we meet the new group member who will be joining us on the next leg of our trip. We depart Nairobi and travel south, crossing the border into Tanzania at Namanga. Staying in a lovely campsite in Meserani on the outskirts of Arusha, before heading out on our optional Serengeti and Ngorongoro Crater excursion tomorrow.

Days 17 - 19 Optional Ngorongoro Crater & Serengeti Excursion

Arusha is a pleasant town situated at the base of Mount Meru, and is the starting point for safaris into the Serengeti, Tarangire and Lake Manyara National Parks, and the Ngorongoro Conservation Area. In the morning on day 17 we have the opportunity to explore this thriving town while we stock up on provisions needed for our excursion. You may choose to wander the vibrant craft markets, stock up on supplies or perhaps catch up on the news back home at one of the small internet cafe available. Heading back to our base camp, Meserani Snake Park, those that are participating in the optional excursions to Ngorongoro Crater and Serengeti National Park can start to prepare for their departure this afternoon. The excursion is offered by a local Tanzanian operator who conducts the trip into the Parks in 4WD vehicles (in peak season, there may be a minivan or bus transfer to Karatu), which are adapted for safari use.

For those not opting to visit the Ngorongoro Crater or Serengeti National Park, the next days are spent at leisure enjoying the Meserani reptile park, Masai Cultural Museum and the surrounding villages and craft markets. Alternatively the town of Arusha is close by to explore. The driver and cook remain behind in Dar es Salaam during the excursion.

The Optional Ngorongoro/Serengeti excursion takes us via the Masai town of Mtu Wa Mbu (Mosquito River) that lies adjacent to the Lake Manyara National Park and up the Rift Valley Escarpment to the higher lying village of Karatu. Karatu offers magnificent views over the surrounding hills and has many well established wheat farms that add to the picturesque panoramas. We spend the evening at a pleasant campsite in Karatu. The following morning we depart early for the Ngorongoro Conservation area and head into the wildlife rich Ngorongoro Crater. This World Heritage Site boasts some of the best game viewing in Africa – including the elusive Black Rhino.

After our game drive in the Crater, we continue down the Crater rim and past the 'Cradle of Mankind' on our way to the Serengeti National Park. We cross the vast plains as we game drive through the southern and central areas in the park. Tonight we bush camp (no ablutions) in the wild surrounded by the sounds of the African wilderness. In the morning, we head off for another game drive and explore the landscape in search of the resident wildlife. With some luck, we may see some of Africa's 'Big 5'!

After our morning drive, we head back across the plains and the lush Crater rim to our truck at Arusha, where we spend the evening musing over our thrilling wildlife experience. **Overnight - Arusha (4), OR optional Karatu & Serengeti** (B:3, L:4, D:4)

Days 20-21 : Pangani & Dar es Salaam

Arusha - Pangani - Dar es Salaam. On day 20 we head to Arusha in the morning to stock up on supplies before continuing on towards Dar es Salaam. On the way we drive through the town of Moshi situated at the magnificent Mount Kilimanjaro – Africa's highest mountain. Moshi is the base for Mount Kilimanjaro climbing expeditions, and weather permitting; we may even catch a glimpse of this magical mountain's snowy summit - a photo opportunity not to be missed! We pass through vast sisal plantations surrounded by The Usambara and Pare Mountain ranges, before reaching our lovely campsite nestled between these mountains, midway between Arusha and Dar es Salaam.

The following day we continue on to Dar es Salaam. Travelling through lush scenery and palm trees, we near the warm Indian Ocean. Today's drive time is extended due to the heavier amount of traffic heading in to the city, but the sights and sounds of Dar's vibrant outer suburbs are sure to keep you entertained. Look out for the colourful shop-fronts with their sometimes humorous 'catch phrases'. On arrival in Dar es Salaam we make our way to our lovely seaside campsite and prepare for our departure to Zanzibar the next morning.

Overnight - Pangani (1), Dar es Salaam (1) (B:2, L:2, D:2)

Days 22-24 : Zanzibar

Dar es Salaam - Zanzibar (optional). A ferry from Dar es Salaam takes us to the "Spice Island," where we have the option to spend the next 3 nights.

Big Five Explorer - 36 days

Zanzibar is steeped in history and was one of the major starting points for most East African explorers in their quest for new lands. New passengers may join us to replace those that'll leave us at the end of our excursion to Zanzibar.

PLEASE NOTE: Accommodation and Meals are for your own account whilst on Zanzibar, as it is our experience that passengers prefer to explore the island on their own, and in accordance with their own budget. The Trip Leader joins you and can arrange your accommodation, while meals can be enjoyed from a wide selection of restaurants. There are also a wide variety of optional excursions on offer – please see the price guide on the end of this document for more details.

For those not opting to visit the island of Zanzibar, the next 3 days are spent at leisure at the beach campsite in Dar es Salaam. There are various optional excursions available from the camp including diving, snorkelling and fishing trips. The driver and cook remain behind in Dar es Salaam during the excursion.

History aside, Zanzibar offers a wealth of experiences for the visitor. Today the quiet streets of the old Stone Town still retain their Arabic influence, from the Medina-like shops to the palaces of the Sultans, who founded their vast empires on the spoils of the slave and ivory trade. The island is famous for its spices and an excursion around a spice plantation is always a fascinating experience. Other options include a trip to the beautiful beaches and giant tortoises of Prison Island, a full day scuba dive in Nungwe or a fishing trip in a traditional dhow. mopeds are available for hire if you'd like to explore the more remote areas of the island. Zanzibar is a seafood lover's paradise. Numerous restaurants offer a great variety of the freshest catch from the ocean - crayfish being a popular speciality. Alternatively, mingle with the locals for dinner at the Forodhani Gardens seafront market, where delicious, inexpensive seafood is on offer. **Overnight - Dar es Salaam (3) OR optional Zanzibar (3)** (B:1)

Days 25-26 : Dar es Salaam & Iringa

Zanzibar - Dar es Salaam - Iringa. Leaving Zanzibar in the afternoon, we return to the mainland and another night in Dar es Salaam. Arrival back to camp is usually in the late afternoon, or early evening.

The next morning we leave Dar es Salaam and head south. We pass through the Mikumi National Park where it is possible to view a range of wildlife from the roadside, totally impervious to the passing traffic. We travel towards Iringa where we spend the night in a beautiful rustic campsite famous for its Amarula Hot Chocolates and its steamy showers! **Overnight - Dar es Salaam (1), Iringa (1)** (B:1, L:1, D:2)

Days 27-30 : Lake Malawi

Iringa - Lake Malawi (Malawi). Winding our way through the beauty of the Tukyuyu tea and banana plantations, we head towards Malawi entering the 'Warm Heart of Africa' through the border post at Songwe.

Malawi is a landlocked country with 20% of its total area made up of beautiful Lake Malawi. We travel the length of the western side of the lake, stopping off at various bays and inlets over the next 4 days. Spend the days learning the game of bao from the locals, scour the markets for a bargain or simply relax on the pristine beaches. Malawi's temperate climate allows for swimming in the clear blue fresh-water lake all year round. Explore the beautiful shore where you'll happen upon the local fishermen sorting their catch. Traditional fishing techniques are still practiced and to appreciate their boating skills, try to paddle a dugout canoe yourself! At night you'll see the 'fairy' lights of the fishermen out on the lake. The various beachside campsites along Lake Malawi's shores offer many optional Excursions including a variety of water sports, horseback rides and a visit to the local village and school (see pricing guide at the end of this document).

Overnight - Lake Malawi (B:4, L:4, D:4)

Days 31-32 : Chipata & Lusaka

Lake Malawi - Chipata - Lusaka (Zambia). We head away from Lake Malawi, and stop off in the capital, Lilongwe, a small city distinctively divided into the old town and the new administrative centre, to stock up on supplies before crossing into Zambia where we spend the night in a beautiful little campsite just 10 km after the Malawi/Zambia border.

From Chipata, we head south-west via the Great East Road to our campsite on the outskirts of Zambia's capital city, Lusaka. While today is mostly spent driving, we do cross the impressive Luangwa River Bridge which is heavily guarded due to its close proximity to the Zimbabwean & Malawian borders. We also pass through a few of the villages and towns of Zambia along the way. Prosperous during the copper boom in the 60's, Zambia was able to build infrastructure at the main mining and farming communities. After the fall of the copper industry, the country was left virtually bankrupt and existing infrastructure was left to fall to ruin. Due to foreign investment and a rise in the mining industry, Zambia is today once again starting to prosper. The difference is evident in the cities with the availability of foreign stores, banks and imported cars, while the villages and smaller towns are still to catch up. Our campsite is home to some local wildlife

including the largest antelope – Eland. **Overnight - Chipata (1), Lusaka (1)** (B:2, L:2, D:2)

Day 33 : Livingstone

Lusaka - Livingstone. Heading further south, we journey through the southern Zambian towns mostly supporting local agriculture and farming on our way to Livingstone. The Victoria Falls or Mosi-oa-Tunya (the Smoke that Thunders) is one of the Seven Natural Wonders of the World and it's not difficult to see why. At 1700 m wide and around 100 m high, this is the world's largest sheet of falling water and a memorable sight on any African Safari! The Falls can be viewed from the Mosi-oa-Tunya National Park, Zambia - a fantastic photo opportunity. Tonight we have the option of enjoying a sunset dinner cruise on the mighty Zambezi. **Overnight - Livingstone** (B, L, D)

Day 34 : Chobe N. P.

Livingstone - Chobe (Botswana). We leave Zambia and cross the border into Botswana at the Kazangula Ferry. Once we've completed the border formalities, we continue to the town of Kasane, situated on the banks of the Chobe River. The Chobe River forms a border between Botswana and Namibia and Zambia and is the main water source to the Chobe National Park. After lunch, we take a boat cruise along the Chobe River. Once we return and are packed and prepared, we leave for our Chobe National Park Overnight Mobile excursion – an overnight experience in the wilds of the Chobe National park. Chobe is one of Botswana's premier game parks, renowned for its large elephant herds. Spend the afternoon in search of wildlife while we game drive to our camp within the park where we spend the evening surrounded by the night-time noises of the local wildlife. Look out for the rare Sable and Roan Antelope on your game drive, with their majestic backward slanting horns, or try keep a count of the Lilac Breasted Roller's that swoop by!

Please Note: Should we not be able to stay in Chobe National Park due to lack of availability at the bush camp, this excursion will be replaced with an overnight trip in the bushveld of the Lesoma Valley which is situated in the Kasane Forest Reserve adjacent to the Chobe NP and the Matsetsi Game area of Zimbabwe. Lesoma is equally rich in wildlife and affords a similar experience to the above. **Overnight - Chobe N. P.** (B, L, D)

Day 35 : Victoria Falls

Chobe - Victoria Falls (Zimbabwe). After our night in the bush, we head out early to continue our search for wildlife, before packing up the camp and heading back to Kasane. Once we have returned to camp, we get back on our truck and continue to the border of Zimbabwe. Once we've completed border formalities, we have a short drive to the nearby Victoria Falls. Named after the famous World Heritage site and Water Falls, the town of Victoria Falls is situated on the Zambezi River and surrounded by the Victoria Falls National Park. Our campsite is conveniently situated in the centre of town, and within walking distance of the adventure booking agents, restaurants and shops. A 20 minute walk down the main road takes you to the entry point to view the falls, which are situated between Zimbabwe and Zambia.

After our adventure activities briefing (see price guide at the end of this document for options), the afternoon is spent relaxing at the campsite's swimming pool, viewing the Victoria Falls, or exploring the many sights and delights of this town!
Overnight - Victoria Falls (B)

Day 36 : Victoria Falls

Saturday. After breakfast, we exchange addresses and part ways, having just experienced a trip of a lifetime! We suggest extending your stay to take advantage of the optional excursions available at Victoria Falls.

Optional excursions include elephant back safaris, horseback safaris, walking with lions, a visit to the crocodile ranch, boat cruises and golf at The Elephant Hills Resort. Adrenalin junkies can bungee from the Victoria Falls Bridge connecting Zimbabwe and Zambia or abseil down the Batoka Gorge - neither activity is for the faint hearted! All year round, flights in fixed wing, micro light and ultra light aircraft or helicopters provide an aerial perspective over this magnificent World Heritage Site. White water rafting on the Zambezi is world class. Beside the excitement of the Grade 5 rapids, there are the "floats," where there is time to admire the scenic cliffs and the occasional wildlife on the riverbanks.(B)

The best place to change money in Botswana is the bureau de changes as banks charge commission to change either cash or travellers cheques. ATMs are available in all main towns, cities, shopping centres and most petrol stations. MasterCard, Visa, American Express and Diners Club are all widely accepted. Travellers cheques should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Proof of identity may be requested in some instances, so it's useful to carry a passport or some form of photo identification. In large cities travellers cheques can incur a high surcharge.

Banking hours: Mon-Fri 0900-1530, Sat 0830-1100.

Time & Voltage

Time Zone - Botswana is 2 hours ahead of GMT. Daylight saving time is not observed.

The standard voltage is 220 - 240V. Primary sockets require a 'Type M' - South African, electrical plug which has three thick circular pins. You will need a voltage converter, and plug adapter in order to use U.S. appliances.

Climate

Botswana's climate is mainly temperate. During the summer months (October-April) the weather can be very hot with daytime temperatures of around 30 Celsius and higher. The rainy season (typically lasting from January to March) can be hot with temperatures still in the mid 30's and only dropping to around the mid 20's overnight. Winter (May-September) brings a cool change yet is still reasonably warm and mostly pleasant with an average temperature of around 25°C. Early mornings and evenings may be cold and frosty especially in the Kalahari region. The amount of rainfall decreases the further you travel west or southwards during the winter and rainy season months.

Kenya Country Guide

Visas

UK, Irish, Australian, New Zealand, USA, Canadian and RSA citizens require a visa for Kenya. Visas can be obtained by most nationalities upon arrival at the airport, however it is advisable to procure your visa from the nearest Kenyan Embassy/High Commission prior to departure. There are often very long visa queues at the airport.

For most nationalities a single entry visa currently costs US \$50 and is valid for a period of three months and a multiple entry visa is US \$110. At the airport the visa fee must be paid in a convertible

currency (eg US Dollars). All passengers require an onward/return tickets and sufficient funds for length of intended stay (at least US\$500).

Vaccinations

You should seek medical advice before travelling to Kenya from your local health practitioner and ensure that all you receive all of the appropriate vaccinations. As a guide diphtheria, hepatitis A, polio, tetanus and typhoid vaccinations are strongly recommended.

Kenya is affected by malaria - we strongly recommend that you take anti-malaria medication. Take your medication exactly as it's prescribed and directed, don't skip any medication! Adequate measures to avoid mosquito bites include: insect repellent, sleeping under a mosquito net and wearing long sleeve clothing and long trousers in the evenings.

A Yellow Fever Certificate of Vaccination is required if arriving from an infected area and travellers arriving from non-endemic zones should note that vaccination is strongly recommended for travel outside the urban areas, even if an outbreak of the disease has not been reported.

Time & Voltage

Kenya is 3 hours ahead of GMT. Daylight saving time is not observed.

In Kenya the standard voltage is 220-240V. Primary sockets require a 'Type G' - British BS-1363 type, three pin plug. You will need a voltage converter, and plug adapter in order to use U.S. appliances. We recommend packing a universal adapter.

Notes are in denominations of: KSh1,000, 500, 200, 100 and 50.

Coins are in denominations of KSh20, 10 and 5.

Banking hours: Mon-Fri 0900-1500, Sat 0900-1100. You can exchange money in banks or bureau de changes. Be aware that old pre-2003 US\$ banknotes or torn or marked banknotes are difficult to exchange in Africa so make sure you take crisp new notes! In major towns/cities most banks have an ATM. American Express, Diners Club, MasterCard and Visa cards are all widely accepted.

Travellers cheques can be changed at banks, these should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Most banks will want to see your passport and proof of purchase receipt before cashing your travellers cheques. Please Note: Travellers cheques can be difficult to cash and often have restrictions of about US \$100 a day maximum. They also tend to attract high commission charges, especially when exchanging for hard currency.

Climate

Kenya is an excellent year round destination with a favourable climate and reasonably low rainfall. In general the hottest months are December to March, although the climate varies enormously from place to place. The lowland coastal areas are tropical, with year round high temperatures and humidity, which is at its peak in April and May, although tempered by monsoon winds. The highlands are more temperate with four seasons. Nairobi has a very pleasant climate throughout the year due to its altitude. Near Lake Victoria, the temperatures are much higher and rainfall can be heavy.

Tanzania Country Guide

Visas

UK, Irish, Australian, New Zealand, USA, Canadian and RSA citizens require a visa for Tanzania. A single entry visas can be obtained by most nationalities upon arrival at Dar es Salaam, Kilimanjaro and Zanzibar Airport or at Namanga border crossing point, between Tanzania and Kenya. The current visa cost is US\$50 for all nationalities, which can be paid in US\$, GB£ or Euro cash. The three East African countries of Kenya, Tanzania and Uganda have an agreement that you can travel freely between these countries and do not have to get another visa when returning to each. If you exit this region and enter any other country, including Rwanda and the Democratic Republic of Congo, you will need to get new visas to re enter Kenya, Tanzania and Uganda.

Vaccinations

Seek advice from your doctor or travel clinic at least six weeks prior to departure about what vaccinations you require. Typically the list includes typhoid, tetanus, polio, hepatitis A and B (for stays over 4 weeks) and meningitis.

A malarial risk exists throughout Tanzania - we strongly recommend that you take your anti-malaria medication. Precautionary measures to take to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

A Yellow Fever International Certificate of Vaccination is required from travellers over one, arriving from countries infected with yellow fever or who were in transit through infected areas (unless they remained onboard or at the airport); this is particularly relevant if traveling from neighbouring African countries. If visiting Zanzibar from mainland Tanzania, a yellow fever certificate must be produced to gain entry.

Despite being located on the Equator, Uganda is rather temperate, with the lowlands remaining warm year round and temperatures averaging around 26°C. In the mountain regions, due to the high altitude, it is much cooler. The climate in Uganda is tropical and the country has two main wet and dry seasons; it is typically dry from December to February and June to August, and wet from March to May and October to November.

Gorilla Permits

Gorilla trekking is a wonderful experience, allowing you the opportunity to have a close encounter with these gentle giants of the jungle in their natural habitat. The trekking will take place either in Uganda, Rwanda or Democratic Republic of Congo - depending on local conditions and the availability of the gorilla permits.

The cost and availability of gorilla permits varies by country and park. Current permits cost US\$500, although the Rwandan government is increasing the cost of their permits to US\$750 from 01 June

2012 onwards. There is also an additional booking & transfer fee of up to US\$75. You will also need to budget for visa fees (costs vary) and to renew your Kenyan and Ugandan visa upon re-entry should we have to go to Rwanda or DR Congo. The government often increases the permit and transfer costs without notice, so we ask that you budget for the highest amount, so that you don't suddenly have to find additional money to partake in this wonderful experience. We recommend you budget a total of US\$750 or US\$1000 if trekking from 01 June 2012 onwards.

The reason that we don't include the gorilla trekking excursion in our Gorilla Safaris is because it is offered by a local operator and they are unable to confirm these prices and availability of permits. If we did, we'd have to make allowances for the government's unexpected price increases, and, possibly, charge our passengers far more than the price of the actual permit. This way you get to pay the correct price for the permit.

The reason that the permits are so costly is because each park only issues 10 permits per gorilla family per day, so as to ensure that the gorilla's exposure to humans is limited. 100% of the gorilla permit cost is used to by the government to continue in the excellent work they do in protecting and promoting these wonderful animals.

On The Go are not in control of the price of gorilla permits and therefore cannot be held responsible for any increase in fees.
