DETAILED ITINERARY

Day 1 : Amman

Saturday. Welcome to Jordan and the start of your holiday! Arrive Amman, included onward transfer to our hotel. **Overnight - Amman**

Day 2 : Roman Cities & Ruins

Amman - Jerash - Umm Qais - Amman. Your tour leader will usually be at your hotel at approximately 7.30am for your welcome meeting. Throughout the tour, you'll be fully briefed by your tour leader as regards touring arrangements. Also, the tipping

kitty will be collected from everyone. This will cover all the tipping throughout the tour (to baggage handlers, porters, drivers and ancillaries), except tips for the tour leader. Driving north, we visit the awesome Roman ruins of Jerash. Second only to Petra in touristic appeal, the 2,000 year-old Graeco-Roman ruins of Jerash are recognised as one of the best-preserved member cities of the Decapolis, a confederation of 10 Graeco-Roman cities. When Emperor Hadrian paid a visit in 129 AD, the place was buzzing. The citizens threw up a Triumphal Arch for him which still stands today. Exemplifying the finesse of Roman urban life, the town boasts a hippodrome, the old sports field that once held 15,000 spectators, a stunning amphitheatre with amazing acoustic abilities, the forum which gracefully links the main north-south axis of Jerash, a colonnaded street paved with original stones and the rut marks of chariots, a nymphaeum replete with ancient fountains trimmed with dolphins and various temples.

From here, we travel to the modern town of Umm Qais, which is the site of the ancient Graeco-Roman town of Gadara, one of the cities of the Decapolis with panoramic views over the Sea of Galilee and the Golan Heights. Gadara was renowned for its cosmopolitan atmosphere, attracting an array of writers, artists, philosophers and poets. Gadara was blessed with fertile soil, abundant water and a location astride a number of key trading routes connecting Asia and Europe. The city thrived until the Byzantine era which witnessed the decline of Gadara into relative obscurity. Earthquakes destroyed many buildings, and by the dawn of the Islamic era Gadara had become just another village. The town became known by the Arabic name Umm Qais during the Middle Ages.

Today, a considerable portion of the original Roman amphitheatre has survived. Next to the theatre is a colonnaded street that once probably was the town's commercial heart. Also near the black basalt theatre are the columns of the great Basilica of Gadara. Further west along the colonnaded street are a mausoleum and public baths. **Overnight - Amman (B)**

Day 3 : Mt Nebo & the Promised Lands

Amman - Mt Nebo - Umm ar Rasas - Petra. This morning, we tour the citadel of Amman, Archaeological Museum and enjoy free time shopping in the local souq, before visiting Mt Nebo - the single most important biblical site in Jordan. Having led the Israelites for 40 years through the wilderness, Moses finally saw, from this awesome vantage point, the Promised Land, that God forbid him to set foot in. We too can enjoy the wonderful panoramic views of the Jordan River Valley, the northern shore of the Dead Sea, Jericho on the opposite bank and (on clear days) the towers on the Mount of Olives in Jerusalem.

Later we explore the roman ruins and beautiful mosaics of Umm ar-Rasas. The mosaic floor of the Church of St Stephen dates to 785, over 150 years after Muslim rule was established in Jordan, and depicts the cities of the day including Jerusalem, with Palestinian cities below such as Nablus and Gaza and seven Trans-Jordanian cities including Philadelphia (modern-day Amman), Madaba and Karak. **Overnight - Petra (B)**

Day 4 : The Rose City

Wadi Musa (Petra). Chief among Jordan's many archaeological riches is the UNESCO World Heritage Site of the Rose City of Petra. The city was first settled around the 6th century BC by the Nabataean tribe from Western Arabia. A succession of habitation, leadership and further development followed, but as the caravan trade routes were gradually displaced by the advent of sea trade routes, the city's importance gradually declined and Petra passed into obscurity. Rediscovered in 1812 by the young Swiss explorer Jean Louis Burckhardt, it remains on the list of many travellers. The approach to Petra is very undulating. The town itself is set across some

rather steep hills that wend downwards to the star attraction, the Rose City.

We access the hidden archaeological treasures of the Rose City on a walk through a narrow, deep siq, where the rocks finally give way to reveal the famous facade of the Kazneh-the Treasury of Petra. As the Treasury is passed, the hidden valley widens to reveal the remains of the city proper. Continuing our walk, we'll then go on to explore chunks of this fantastic once-lost city. In all, there are some 800 registered sites in Petra, including some 500 tombs. Just as fascinating as the rock-carved monuments are the rocks themselves. Petra is an erosion-hewn masterpiece. Sandstone shot with minerals burst into colour giving off blue, red, orange and green hues. Amongst the rocky and sometimes jagged scenery, it's sometimes hard to know what is man-made and what is the result of pure nature.

Our exploration takes us past many tombs, temples, an impressive amphitheatre and a Roman colonnaded street. Concluding the guided aspect of the tour, you're free to head off and further explore. The intrepid can ascend the hundreds of rock-cut steps to Ad-Deir. Better known as the Monastery, Ad-Deir has a similar facade to that of the Treasury, but is far bigger and the views from the nearby cliff-tops are stunning.

Want to learn how to cook Middle Eastern food? Consider opting for our Petra Kitchen bolt-on tonight! See our website or brochure for details. **Overnight - Petra (B)**

Day 5 : Wadi Rum

Wadi Musa (Petra) - Wadi Rum. A chance to revisit Petra before our afternoon drive south to Wadi Rum. A vast, silent landscape of ancient riverbeds, pastel coloured stretches of sandy desert and amazing rock formations known as jebels that rise from the desert floor, the desertscape of Wadi Rum represents some of the most stunning countryside on the planet. The world's mountain climbers and hikers, attracted by its many as yet unscaled peaks, have recently discovered Wadi Rum's spectacular natural scenery and comfortable year - round climate. Wadi Rum possesses unspoiled natural beauty forged by millions of years of geological formation, erosion and evolution. The region is also home to the semi - nomadic Bedouin living in their great goat's hair tents, tending their herds of sheep and goat and preserving an ancient lifestyle that has been practiced in the Arabian desert for thousands of years.

Boarding 4 x 4s this morning, we can get up close and personal to the surrounding scenery at Wadi Rum. Tonight, we enjoy a Jordanian dinner. Camp under the stars or in the provided tents. **Overnight - Wadi Rum (B, D)**

Day 6 : Dead Sea

Wadi Rum - Karak - Dead Sea - Madaba. This morning, we explore the vast well preserved 12th century crusader castle of Al Karak. It took the Crusaders some twenty years to erect their fortified stronghold, which through the proceeding centuries withstood countless attack and siege. Once finished in 1161, it became the residence of the lord of Transjordan, by then the most important fief of the Crusader kingdom, rich in produce and tax revenues. Note: Shobak crusader castle maybe visited as an alternative to Karak.

Straddling the border between Israel and Jordan, the Dead Sea is the lowest spot on the Earth's surface. The mineral content of 33%. We spend the afternoon swimming, lathering up with a detoxifying mud bath and bobbing about in the ever warm mineral-rich body of water. After we drive onward to the bustling Muslim-Christian market town of Madaba. **Overnight - Madaba (B, D)**

Day 7 : Madaba & the Red Sea

Madaba - Aqaba/Tala Bay. Famed for its Byzantine mosaics, including the fascinating map of the Holy Land made in the 6th century out of two million stone pieces and now housed in the Greek Orthodox Church of St. George, Madaba - it's mosaics, quaint village shops and local market are all here to explore.

Leaving Madaba we drive south to the Red Sea resort town of Aqaba, and 15km further south to the idyllic beaches of Tala Bay. Upon arrival we enjoy an included hotel buffet dinner this evening. **Overnight - Aqaba (B, D)**

Petra Park Services Charge

In addition to the entrance fee required to visit the archeological site of Petra, there is a compulsory Petra Park Services Charge. The service charge (currently 29 JD) supports the local Bedouin community and also allows you to ride an Arabian Horse inside Petra. As you have paid this obligatory charge, you are entitled to ride a horse 800m down to the entrance gate. **IMPORTANTLY** - On The Go Tours only recommends that you do so if you are an experienced rider. Through experience we have observed that some of the horses can be uncontrollable and very fiery and if the Bedouin riders race past you, your horse may take flight and follow suit. You'll also need to tip the horse handler an extra 2JD. The decision to ride a horse is a personal one.
