Days 2-3 : Kruger N.P.

Johannesburg - Hazyview. Leaving Johannesburg we head towards the Lowveld and Umvubu camp situated on the border of the famous Kruger National Park. On our way we pass through the southern section of the picturesque Panorama Route – famous for its breathtaking vistas. Our camp for the next two nights is a short drive from the Kruger's Numbi Gate and has some interesting local residents that include hippo, giraffe, zebra and impala. We spend a relaxing evening around the camp fire before our game drive tomorrow.

The next day we explore the amazing Kruger National Park. Covering 21 497 km² - 60 km wide and over 350 km long, this conservation area has more than 146 mammals, 500 bird, 114 reptile, 33 amphibian & 49 fish species. 23000 different types of plants have been recorded. We spend the day driving around the park keeping an eye out for these. There is the option of doing a night drive looking for a few of the nocturnal inhabitants or upgrading to a small vehicle for the game drive at an additional cost. **Overnight - Kruger N.P.** (B:1, L:2, D:2)

Day 4 : Blyde River Canyon

Hazyview - Polokwane. Today we leave the Lowveld and head on the long, scenic drive to Polokwane. Along the way we stop off at some of the best scenery in South Africa, including the ever striking Blyde River Canyon and God's Window. The many viewpoints of the Canyon, afford us excellent photo opportunities. Polokwane, capital of Limpopo, is the largest metropolitan complex in the north and a major economic centre. Its proximity to the neighbouring countries of Botswana, Zimbabwe, Mozambique and Swaziland, as well as its convenient distance from the Kruger National Park and Magoebaskloof, makes it a perfect gateway and good destination in itself. We set up our tents on the lush green grass of our campsite located outside of the city before enjoying a dip in the lovely swimming pool.

Overnight - Polokwane (B, L, D)

Day 5 : Musina

Polokwane - Musina. After a quick replenishing of our stocks we begin our journey north toward Zimbabwe. We have a long, relaxing drive where we get to sit back and enjoy the ever changing scenery. Tonight we'll camp near to one of the hottest towns in South Africa, Musina, at the hot water spring resort – Tshipise. Situated between the rolling hills, the resort is well known for its natural hot water springs. Once we've set up camp, you're free to enjoy the pools, walking trails or various other activities on offer here. **Overnight - Musina** (B, L, D)

Day 6 : Masvingo

Musina - Masvingo (Zimbabwe). Today we enter Zimbabwe - a beautiful country rich in soul, culture and tradition. We make our way to the town of Masvingo - on the outskirts of the Great Zimbabwe Ruins. This was the greatest medieval city in sub-Saharan Africa, built by an ancient highly skilled civilization. The name Zimbabwe is derived from this ancient city and means "great stone houses" in Shona. The most notable artefacts found at the ruins were the 8 Statues of stone birds carved out of soapstone. Wander around these amazing ruins, before setting up camp at the foot of the hills. **Overnight - Masvingo** (B, L, D)

Days 7-8 : Gweru

Masvingo - Gweru. Leaving Masvingo, we continue our journey north to Gweru, in Zimbabwe's Midlands. Here we stop over at The Antelope Park. It is said "you have not been to Zimbabwe until you have visited the Victoria Falls... and the Antelope Park." A wide variety of game viewing opportunities are available in this area inhabited by lion, elephant, giraffe and obviously numerous antelope! We have the unique option to walk with lions, ride or swim with elephants, view game from horse back or from the back of a vehicle. We guarantee Antelope Park is a place you'll never forget! **Overnight - Gweru** (B:2, L:2, D:2)

Days 9-10 : Bulawayo

Gweru - Bulawayo. Leaving Gweru, we head to Bulawayo - Zimbabwe's second largest city. Bulawayo is noted for its exceptionally wide streets, which were originally designed to accommodate a full span ox wagon. The city also still retains much of its British Colonial character, evident by the many buildings maintained as heritage sites by the Bulawayo City Council. Interesting places to visit are the Natural History Museum, the National Arts Gallery and the Mzilikazi Arts and Crafts Centre, which employs over 70 people.

On day 10 we visit Matobo National Park, one of the last strongholds of both the black and the white rhino. This park is also well known for its high concentration of the elusive leopard and majestic black eagle. Rock paintings are to be found too, providing evidence of the ancient San inhabitants of this area. Cecil John Rhodes (after whom Rhodesia was named) asked to be buried at the top of one of the sacred hills, (although there is some controversy over whether he will stay!) We spend the day exploring this unique geological, ecological and historic area. **Overnight - Bulawayo** (B:2, L:2, D:2)

Day 11 : Victoria Falls

Bulawayo - Victoria Falls (Zimbabwe). Leaving Bulawayo, we head to Victoria Falls. Named after the famous World Heritage site and Water Falls, the town of Victoria Falls is situated on the Zambezi River and surrounded by the Victoria Falls National Park. Our campsite is conveniently situated in the centre of town, and within walking distance of the adventure booking agents, restaurants and shops. A 20 minute walk down the main road takes you to the entry point to view the falls, which are situated between Zimbabwe and Zambia. Victoria Falls, or Mosi-oa-Tunya (the Smoke that Thunders), was named by David Livingstone on his explorations,

and is one of the Seven Natural Wonders of the World. At 1700 m wide and around 100 m high, this is the world's largest sheet of falling water and a memorable sight on any African Safari! After our adventure activities briefing (see price guide at the end of this document for options), the afternoon is spent relaxing at the campsite's swimming pool, viewing the Victoria Falls, or exploring the many sights and delights of this town! **Overnight - Victoria Falls (B, L)**

Days 12-13 : Victoria Falls

The next two days are spent relaxing or participating in a myriad of optional excursions.

Optional excursions include elephant back safaris, horseback safaris, walking with lions, a visit to the crocodile ranch, boat cruises and golf at The Elephant Hills Resort. Adrenalin junkies can bungee from the Victoria Falls Bridge connecting Zimbabwe and Zambia or abseil down the Batoka Gorge - neither activity is for the faint hearted! All year round, flights in fixed wing, micro light and ultra light aircraft or helicopters provide an aerial perspective over this magnificent World Heritage Site. White water rafting on the Zambezi is world class. Beside the excitement of the Grade 5 rapids, there are the "floats," where there is time to admire the scenic cliffs and the occasional wildlife on the riverbanks. **Overnight - Victoria Falls (B:2)**

Day 14 : Chobe N. P.

Victoria Falls - Chobe NP (Botswana). We head out from Victoria Falls to the border crossing to Botswana. Once we've completed the border formalities, we continue to the town of Kasane, situated on the banks of the Chobe River. The Chobe River forms a border between Botswana and Namibia and Zambia and is the main water source to the Chobe National Park. After lunch, we take a boat cruise along the Chobe River. Once we return and are packed and prepared, we leave for our Chobe National Park Overnight Mobile excursion - an overnight experience in the wilds of the Chobe National park. Chobe is one of Botswana's premier game parks, renowned for its large elephant herds. Spend the afternoon in search of wildlife while we game drive to our camp within the park where we spend the evening surrounded by the night-time noises of the local wildlife. Look out for the rare Sable and Roan Antelope on your game drive, with their majestic backward slanting horns, or try keep a count of the Lilac Breasted Roller's that swoop by!

Please Note: Should we not be able to stay in Chobe National Park due to lack of availability at the bush camp, this excursion will be replaced with an overnight trip in the bushveld of the Lesoma Valley which is situated in the Kasane Forest Reserve adjacent to the Chobe NP and the Matsetsi Game area of Zimbabwe. Lesoma is equally rich in wildlife and affords a similar experience to the above. **Overnight - Chobe N. P. (B, L, D)**

Day 15 : Livingstone

Chobe NP - Livingstone (Zambia). After our night in the bush, we head out early to continue our search for wildlife, before packing up the camp and heading back to Kasane. Once returning to the camp at Kasane, we get back on our truck and continue to the town of Livingstone. This afternoon we have the opportunity to view The Falls from the Mosi-oa-Tunya National Park, Zambia or partake in a sunset boat cruise on the Zambezi River. Another fantastic photo opportunity! **Overnight - Livingstone (B, D)**

Day 16 : Lusaka

Livingstone - Lusaka. An early morning start sees us head north through southern Zambia to our campsite on the outskirts of Zambia's capital city, Lusaka. As we drive, we pass through a few of the villages and towns of Zambia along the way. Prosperous during the copper boom in the 60's, Zambia was able to build infrastructure at the main mining and farming communities. After the fall of the copper industry, the country was left virtually bankrupt and existing infrastructure was left to fall to ruin. Due to foreign investment and a rise in the mining industry, Zambia is today once again starting to prosper. The difference is evident in the cities with the availability of foreign stores, banks and imported cars, while the villages and smaller towns are still to catch up. Our campsite is home to some local wildlife including the largest antelope - Eland. **Overnight - Lusaka (B, L, D)**

Day 17 : Chipata

Lusaka - Chipata. From Lusaka we head north east on the old 'East Road' to a beautiful little campsite located just 10 km before the Zambia/Malawi border. In the days of old, the route from Cairo to Cape Town passed through Lusaka and it's along this route to Malawi we travel today. While today is mostly spent driving, we do cross the impressive Luangwa River Bridge which is heavily guarded due to its close proximity to the Zimbabwean & Malawian borders. We'll also stop off to purchase some fresh produce and coal from the local sellers along the way. Mamarula's campsite is where we spend the night before heading into Malawi.

Days 18-21 : Lake Malawi Beaches

Chipata - Lake Malawi Beaches (Malawi). Leaving Zambia we cross into Malawi, the 'Warm Heart of Africa'. We stop off in the capital, Lilongwe, a small city distinctively divided into the old town and the new administrative centre. Malawi is a landlocked country with 20% of its total area made up of beautiful Lake Malawi. We camp first at the central Lake, and then in the northern area over the next 4 days.

Spend the days learning the game of bao from the locals, scour the markets for a bargain or simply relax on the pristine beaches. Malawi's temperate climate allows for swimming in the clear blue fresh-water lake all year round. Explore the beautiful shore where you'll happen upon the local fishermen sorting their catch. Traditional fishing techniques are still practiced and to appreciate their boating skills, try to paddle a dugout canoe yourself! At night you'll see the 'fairy' lights of the fishermen out on the lake. The various beachside campsites along Lake Malawi's shores offer many optional Excursions including a variety of water sports, horseback rides and a visit to the local village and school (see pricing guide at the end of this document). (B:4, L:4, D:4)

Day 22 : Iringa

Lake Malawi Beaches - Iringa (Tanzania). After a relaxing 4 days, we leave Malawi, entering Tanzania through the border post at Songwe. Winding our way through the beauty of the Tukuyu tea and banana plantations, we head towards Iringa where we spend the night in the beautiful rustic 'Farmhouse' campsite famous for its Amarula Hot Chocolates and its steamy showers! **Overnight - Iringa (B, L, D)**

Day 23 : Dar es Salaam

Iringa - Dar es Salaam. This morning we head off early and make our way to Dar es Salaam. We pass through the Mikumi National Park where it is possible to view a range of wildlife from the roadside, totally impervious to the passing traffic. Today's drive time is extended due to the heavier amount of traffic heading in to the city, but the sights and sounds of Dar's vibrant outer suburbs are sure to keep you entertained. Look out for the colourful shop-fronts with their sometimes humorous 'catch phrases'. On arrival in Dar es Salaam, we make our way to our lovely seaside campsite and prepare for our departure to Zanzibar the next morning. **Overnight - Dar es Salaam** (B, L, D)

Days 24-26 : Optional Zanzibar excursion

Dar es Salaam - Zanzibar (optional). A ferry from Dar es Salaam takes us to the "Spice Island," where we have the option to spend the next 3 nights. Zanzibar is steeped in history and was one of the major starting points for most East African explorers in their quest for new lands. New passengers may join us to replace those that will leave us at the end of our excursion to Zanzibar.

PLEASE NOTE: Accommodation and meals are for your own account whilst on Zanzibar, as it is our experience that passengers prefer to explore the island on their own, and in accordance with their own budget. The Trip Leader joins you and can arrange your accommodation, while meals can be enjoyed from a wide selection of restaurants. There are also a wide variety of optional excursions on offer – please see the price guide on the end of this document for more details.

History aside, Zanzibar offers a wealth of experiences for the visitor. Today the quiet streets of the old Stone Town still retain their Arabic influence, from the Medina-like shops to the palaces of the Sultans, who founded their vast empires on the spoils of the slave and ivory trade. The island is famous for its spices and an excursion around a spice plantation is always a fascinating experience. Other options include a trip to the beautiful beaches and giant tortoises of Prison Island, a full day scuba dive in Nungwe or a fishing trip in a traditional dhow. mopeds are available for hire if you'd like to explore the more remote areas of the island. Zanzibar is a seafood lover's paradise. Numerous restaurants offer a great variety of the freshest catch from the ocean - crayfish being a popular speciality. Alternatively, mingle with the locals for dinner at the Forodhani Gardens seafront

market, where delicious, inexpensive seafood is on offer.

For those not opting to visit the island of Zanzibar, the next 3 days are spent at leisure at the beach campsite in Dar es Salaam. There are various optional excursions available from the camp including diving, snorkelling and fishing trips. The driver and cook remain behind in Dar es Salaam during the excursion. **Overnight - Dar es Salaam OR Zanzibar (optional)** (B:1)

Day 27 : Zanzibar

Zanzibar - Dar es Salaam. Leaving Zanzibar in the afternoon, we return to the mainland and another night in Dar es Salaam. Arrival back to camp is usually in the late afternoon, or early evening. **Overnight - Dar es Salaam**

Day 28 : Arusha

Dar es Salaam - Arusha. From Dar es Salaam we have a long day's drive through vast sisal plantations and African bushveld to Arusha. On the way, we pass The Pare and Usambara Mountain ranges before driving through the town of Moshi. Moshi is the base for Mount Kilimanjaro climbing expeditions and weather permitting; we may even catch a glimpse of this magical mountain's snowy summit - a photo opportunity not to be missed! Tonight we stay at a campsite in Meserani on the outskirts of Arusha, before heading out on our Optional Excursion to the Serengeti and Ngorongoro Crater tomorrow. **Overnight - Arusha** (B, L, D)

Days 29-31 : Optional Serengeti & Ngorongoro

Arusha is a pleasant town situated at the base of Mount Meru, and is the starting point for safaris into the Serengeti, Tarangire and Lake Manyara National Parks, and the Ngorongoro Conservation Area. This morning we have the opportunity to

explore this thriving town while we stock up on provisions needed for our excursion. You may choose to wander the vibrant craft markets, stock up on supplies or perhaps catch up on the news back home at one of the small internet cafe available. Heading back to our base camp, Meserani Snake Park, those that are participating in the optional excursions to Ngorongoro Crater and Serengeti National Park can start to prepare for their departure this afternoon. The excursion is offered by a local Tanzanian operator who conducts the trip into the Parks in 4WD vehicles (In peak season, there may be a minivan or bus transfer to Karatu), which are adapted for safari use.

For those not opting to visit the Ngorongoro Crater or Serengeti National Park, the next days are spent at leisure enjoying the Meserani reptile park, Masai Cultural Museum and the surrounding villages and craft markets. Alternatively the town of Arusha is close by to explore. The driver and cook remain behind in Dar es Salaam during the excursion.

The Optional Ngorongoro/Serengeti excursion takes us via the Masai town of Mtu Wa Mbu (Mosquito River) that lies adjacent to the Lake Manyara National Park and up the Rift Valley Escarpment to the higher lying village of Karatu. Karatu offers magnificent views over the surrounding hills and has many well established wheat farms that add to the picturesque panoramas. We spend the evening at a pleasant campsite in Karatu. The following morning we depart early for the Ngorongoro Conservation area and head into the wildlife rich Ngorongoro Crater. This World Heritage Site boasts some of the best game viewing in Africa – including the elusive Black Rhino.

After our game drive in the Crater, we continue down the Crater rim and past the 'Cradle of Mankind' on our way to the Serengeti National Park. We cross the vast plains as we game drive through the southern and central areas in the park. Tonight we bush camp (no ablutions) in the wild surrounded by the sounds of the African wilderness. In the morning, we head off for another game drive and explore the landscape in search of the resident wildlife. With some luck, we may see some of Africa's 'Big 5'!

After our morning drive, we head back across the plains and the lush Crater rim to our truck at Arusha, where we spend the evening musing over our thrilling wildlife experience. **Overnight - Arusha (3), OR optional Karatu & Serengeti** (B:3, L:3, D:3)

Days 32-33 : Nairobi

Arusha - Nairobi (Kenya). We set off early this morning and make our way to the Tanzania/Kenyan border and the small border town of Namanga. After completing the border formalities, we continue on our journey to the Capital City Nairobi and our campsite on the outskirts of the city. Acacia Camp Nairobi is ideally situated right next to the Nairobi National Park, and is close to the giraffe sanctuary and elephant orphanage. The famous Carnivore Restaurant is also in close proximity.

The following day is yours at leisure to enjoy some of the many options available in this bustling city; visit The David Sheldrick Wildlife Trust, where you can view the orphaned baby Elephants at feeding

time, heading o to the Giraffe Centre in Langata, if you haven't had your fill of game viewing, then Nairobi National Park offers some great day trips or if you haven't quite got all those souvenirs you wanted, take a "Matatu" to the local curio markets close by the campsite. This evening why not try the fair on offer at the famous Carnivores restaurant.
Overnight - Nairobi (B:1, L:1, D:1)

Days 34-35 : Masai Mara N.P.

Nairobi - Masai Mara. Leaving the hustle and bustle of Nairobi we climb the escarpment to our first stop, a viewpoint overlooking a section of the spectacular Great Rift Valley. Descending into the Rift Valley, we enter Masai land where these habitual pastoralists are often seen tending their cattle from the side of the road. We pass through the town of Narok, and continue our drive possibly getting a glimpse of some wildlife along the way. We arrive at our campsite, Acacia Camp in the late afternoon. Acacia Camp looks on to the Meguarra hills and the stream that meanders by on the bottom end forms a natural border to the Masai Mara National Reserve.

The next morning we depart shortly after sunrise on our game drive into the Masai Mara Reserve. The Masai Mara is well known as one of East Africa's best National Reserves and is home to a wide variety of wildlife species. Most famous for the Annual Migration, that consists of the impressive herds of over 1 million wildebeest, zebra and Thomson's gazelle that cross over from the Serengeti National Park in Tanzania; the Masai Mara is most popular between July and October when these vast herds feast on the fresh grazing here. Following these herbivores are Africa's predators that are often seen at a kill during this period. We game drive through a section of the park in search of the 'Big 5' - elephant, rhino, buffalo, lion & leopard; along with the many other species of animals, reptiles and birds who make call this wilderness home.

After our game drive, we have the option to visit one of the nearby Masai Manyatta's - this is a traditional hamlet where the Masai still live in their traditional way. This evening we sit around the camp fire, and watch the sun set over this "Garden of Eden".(B:1, L:2, D:2)

Day 36 : Kisumu

Masai Mara - Kisumu. Leaving the Masai Mara early, we head out of Masai Land pass through the scenic tea plantations of Kericho before descending the Rift Valley Plateau, on our way to Kisumu - Kenya's harbour town on the banks of Africa's largest lake, Lake Victoria. We replenish

our supplies and overnight here. **Overnight - Kisumu** (B, L, D)

Day 37 : Kampala

Kisumu - Kampala (Uganda). This morning, we cross the border into Uganda where we overnight it the capital city, Kampala. Uganda is a small country of striking physical beauty. Its landscapes vary from the fertile green areas around the northern shores of Lake Victoria to the snow capped Ruwenzori Mountains in the west and the semi-desert region in the north. The political instability that has haunted Uganda in the past has actually had the positive effect of leaving the country free of the over commercialism so common in other parts of Africa. The current administration under President Museveni has devoted considerable effort and funds to return Uganda to its former status as one of Africa's most prosperous and, from a tourist's point of view, one of the most appealing and interesting countries to visit. **Overnight - Kampala** (B, L, D)

Days 38-41 : Lake Bunyoni & Gorilla Trekking

Kampala - Lake Bunyoni. After an early morning departure from Kampala we drive west into the depths of Uganda to our base at the tranquil Lake Bunyoni.

Lake Bunyoni, the deepest Crater Lake in Africa and home to a large and varied number of beautiful birds, is the base from which the optional Gorilla trek takes place. Dependent on where trekking permits are available, we trek in the Magahinga or Bwindi National Parks in Uganda, the Virunga National Park in the Democratic Republic of Congo, or the Ruhengeri National Park in Rwanda. The prices of trekking permits fluctuate and may change without prior notice - currently they are priced at US \$500. There is a local transport & handling fee of US\$65 to US\$70 per person (this covers the return public transfer and the Wildlife Authority's booking fee). For trekking in the DRC or Rwanda (the trip leader will advise at the pre departure meeting as to where the permits have been secured, and will assist with the online visa application for Rwanda en-route if needed), we will also have to purchase an additional visa to enter either country, as well as renewing our Ugandan visa upon re-entry. We also advise budgeting a little extra for tips for the local guides and rangers. Please budget accordingly as payment for the permit must be made in US\$ cash at the pre departure meeting.

Trekking Procedures: The mountain gorilla (Gorilla Gorilla Berengei), of which there are still only about 700 remaining, are one of our closest living

relatives. A visit to these gentle giants in their natural environment is a unique and wonderful experience - one you'll never forget. The park rangers monitor the gorillas on a daily basis and have a fairly good idea of where they are. However, they are free roaming animals, and their sighting cannot be guaranteed. As the gorillas share much of our DNA, anyone with even the slightest cold or transferable illness will not be permitted to trek. Trekking is also only open to people over 16 years old.

Due to the restrictions on the daily numbers of visitors to these incredible animals, we depart from our base in Bunyoni in small groups over 3-4 days, depending on the group size. We wind our way through arguably some of the most picturesque scenery in Africa en-route to the National Park. Dependent on where permits are available, we may spend a night in either Kisoro or in Rwanda. The following morning, after packing our picnic lunch, we are transferred to a ranger's station where the trek commences. Your rangers will lead you through the cultivated lands and then into the dense rain forest and on to a gorilla family. Trekking can take anywhere from 45 minutes to 8 hours (not including transfer time) and it can be quite strenuous, so a reasonable level of fitness is required. To ensure the gorillas do not get too used to the presence of humans and because they share many of our genes (and therefore able to catch our diseases), the maximum time permitted to spend with them is 1 hour. You will have plenty of time to watch their activity and to take photographs. The rangers will be able to provide you with a background to the family you are visiting. Once your hour is up, you trek back out of the rain forest to your meeting point where you will be transferred back to the Lake Bunyoni campsite.

You needn't feel like you're exploiting these animals. The ever-growing number of tourists trekking them each day play a vital role in their survival. For years they have been ruthlessly hunted for their hands and heads, which have been sold as ashtrays and lampshades! In addition, large numbers have been killed whilst trying to stop poachers stealing the babies for sale to zoos, where they have never lived long. 100% of the gorilla permit cost is used to by the parks authorities to finance patrols that are instrumental in protecting the gorillas from poachers and their lethal snares and on promoting these wonderful animals.

Depending on where the trek takes place you may also pass through some of the local villages that have settled in this region due to the high number of refugees fleeing from the Rwandan Genocide, or from the continued unrest in the DRC. The villagers in this area are mostly subsistence farmers, and families that farm against the slopes of the volcanoes. It is impressive to see how they have ploughed, planted and harvest their crops in such an unlikely landscape. **Overnight - Lake Bunyoni** (B:4, L:4, D:4)

Day 42 : Kampala

Lake Bunyoni - Kampala. After marvelling at the experience of our gorilla encounters and enjoying the peaceful Lake Bunyoni, we begin our drive back to Kampala. We cross the Equator for the second time and stop for the classic "one foot in each hemisphere" photo opportunity. We overnight

in Kampala and have the opportunity to sample its night life! **Overnight - Kampala** (B, L, D)

Day 43 : Jinja

Kampala - Jinja. Today we have the option of visiting the Ngamba Island Chimpanzee Sanctuary or heading to Jinja for a selection of adventure activities including white water rafting at the source of the White Nile, quad biking or visiting a volunteer and community project. Spend the afternoon relaxing on the banks of the river, or ticking off the wide variety of water birds in this area. **Overnight - Jinja** (B, L, D)

Day 44 : Lake Nakuru

Jinja - Lake Nakuru (Kenya). Departing early, we head back to Kenya, stopping for lunch and supplies en route. We overnight outside Nakuru at a lovely campsite on a local farm. Nakuru is Kenya's 4th largest town and capital of the Rift Valley Province and lies adjacent to the small but wildlife rich Lake Nakuru National Park. **Overnight - Lake Nakuru** (B, L, D)

Days 45-46 : Lake Naivasha

Lake Nakuru - Lake Naivasha. In the morning on day 34 we begin our exploration of the Lake Nakuru National Park - famous for the thousands of lesser and greater flamingos that flock to this soda lake's edge. The numbers vary depending on the water level, and when it's low, the lake almost turns pink. A truly spectacular sight! The park was established as a sanctuary for black and white rhino, which are often seen. We spend the day searching for these pre-historic looking beasts as well as the elusive leopard, encountering buffalo, giraffe, various antelope and the occasional hippo along the way. After our game drive, we head to Lake Naivasha arriving in the late afternoon.

Lake Naivasha, is home to a multitude of bird life, the most magnificent being the African Fish Eagle with his regal cry. At 1880 m, this is the highest of the Rift Valley lakes. We spend the next day enjoying optional excursions like Elsamere (former home to Joy & George Adamson of Born Free fame), a boat ride to the Crescent Island Game Sanctuary or a bike ride around Hell's Gate National Park. **Overnight - Lake Naivasha** (B:2, L:2, D:2)

Day 47 : Nairobi

Lake Naivasha - Nairobi. After breakfast, we head back to Nairobi usually arriving by late morning, or early afternoon. On arrival to Acacia Camp, we

exchange addresses and part ways, having just experienced a trip of a lifetime!(B)

Climate

Botswana's climate is mainly temperate. During the summer months (October-April) the weather can be very hot with daytime temperatures of around 30 Celsius and higher. Travellers cheques can be changed at banks, these should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Most banks will

want to see your passport and proof of purchase receipt before cashing your travellers cheques. Climate

Kenya is an excellent year round destination with a favourable climate and reasonably low rainfall. In general the hottest months are December to March, although the climate varies enormously from place to place. The lowland coastal areas are tropical, with year round high temperatures and humidity, which is at its peak in April and May, although tempered by monsoon winds. The highlands are more temperate with four seasons. Nairobi has a very pleasant climate throughout the year due to its altitude. Near Lake Victoria, the temperatures are much higher and rainfall can be heavy.

If you exit this region and enter any other country, including Rwanda and the Democratic Republic of Congo, you will need to get new visas to re enter Kenya, Tanzania and Uganda.

Vaccinations

Seek advice from your doctor or travel clinic at least six weeks prior to departure about what vaccinations you require. Typically the list includes typhoid, tetanus, polio, hepatitis A and B (for stays over 4 weeks) and meningitis.

A malarial risk exists throughout Tanzania – we strongly recommend that you take your anti-malaria medication. Precautionary measures to take to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

A Yellow Fever International Certificate of Vaccination is required from travellers over one,

arriving from countries infected with yellow fever or who were in transit through infected areas (unless they remained onboard or at the airport); this is particularly relevant if traveling from neighbouring African countries. If visiting Zanzibar from mainland Tanzania, a yellow fever certificate must be produced to gain entry.

Alternatively most large towns/cities have an ATM where cash can be withdrawn using Visa or MasterCard. Credit cards are very rarely accepted for making purchases.

Banking hours: Mon-Fri 0830-1230; Sat 0830-1300. Bureaux de change have longer hours and in the cities open on Sundays.

Travellers cheques are more difficult to change and require proof of purchase and often have restrictions of about US\$100 a day maximum. Please note that there is a surcharge when paying by travellers cheques.

Standard voltage is 220-240V. Primary sockets require a Type G British BS-1363 or Type D Indian BS-546 type, three pin plug. You will need a voltage converter, and plug adapter in order to use U.S. appliances. We recommend getting a universal adapter.

A low malaria risk occurs in northern parts of Mpumalanga (as well as Kruger National park, northern and northeastern parts of KwaZulu-Natal). If travelling to these regions and/or the countries north of South Africa, where there is a high malaria risk, we strongly recommend that you take anti-malaria medication. Precautionary measures to take to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

Tap water in South Africa is considered safe to drink in all urban areas and most rural areas. There are exceptions, such as in parts of the Kruger National Park, and in areas near the Namibian border, including the Kgalagadi Transfrontier Park. These areas – and most others where the water's not drinkable – are well-marked with signs.
