## Classic Cambodia

of Buddha are encrusted with thousands of diamonds.

We later come face to face with the horrors of the Pol Pot regime as we visit Toul Sleng (Security Prison - S21), a school that was gruesomely transformed into a torture chamber under the Khmer Rouge and visit the Killing Fields where over 10,000 people were executed. **Overnight - Phnom Penh (B)**

### Day 3 : Angkor Wat

Phnom Penh – Siem Reap. Hotel check out and transfer to the airport for our included flight to Siem Reap. After time to freshen up we visit the Angkor National Museum - a fascinating archaeological museum dedicated to the collection, preservation and presentation of Angkorian artefacts and Khmer civilisation, with collections mainly dated from Khmer Empire's Angkor period circa 9th to 14th-century.

This afternoon we explore incredible and iconic Angkor Wat, easily the most famous and best-preserved of all the temples within the Angkor complex. It is a massive three-tiered structure crowned by five lotus-like towers rising 65 meters from ground level. Believed to be the largest religious building in the world, Angkor Wat contains thousands of wall carvings and extensive bas-reliefs. Spend the evening at leisure. There are plenty of great bars and restaurants in the compact city centre which is easily navigated on foot. **Overnight - Siem Reap (B)**

### Day 4 : Angkor Thom & NGO circus project

Early this morning opt to see Angkor Wat bathed in the spectacular golden light of sunrise. Later we drive out to see the well-preserved temples of Banteay Srei, stopping at an exotic butterfly sanctuary and the a village of Preaek Dak along the way.

At Preaek Dak each of us will have the opportunity to plant mango or jack fruit saplings as part of our tree planting initiative, operated in conjunction with this community. The majority of villagers here are on low incomes and by providing them with trees that bear fruit, they are able to feed their families and make an income by selling the fruit. It's also a way of offsetting carbon emissions - a win all round. We're hoping to plant some 3,000 trees and cover an area of 15-20 hectares, providing the village of 200 with a sustainable source of income.

We return to the Angkor Temple Complex this afternoon to explore the ancient city of Angkor Thom. Surrounded by an 8m high wall Angkor Thom was the last capital of the Great Khmer Empire under the reign of Jayavarman VII. In Angkor Thom you will see the fabulous Bayon Temple, Baphuon, the royal enclosure, and the Terraces of the Elephants and the Leper King. The last stop on our tour of the Angkor Complex is Tra Prohm Temple, which unlike the other temples here has been left in the same ruined state that it was first discovered in. Swallowed by the jungle, vast muscular roots envelop the crumbling towers and walls whilst the trees' foliage dapples the temple in shadow.

This evening you're guaranteed to be entertained watching the incredible Phare Cambodian Circus. The Phare NGO circus project trains street kids to become very

talented circus artists and the popular show blends circus skills with interpretations of modern life and issues in Cambodian society.

**Overnight - Siem Reap (B)**

### Day 5 : Free time in Siem Reap

This morning we drive to Kampong Phluk, a cluster of three villages of stilt house built within the floodplain of Tonle Sap lake about 16 km southeast of Siem Reap. We'll see houses built on soaring stilts which hover over the Tonle Sap Lake whilst nearby, the petrified trees of a flooded forest are revealed whenever the water level drops. After a boat trip on the lake and lunch, we return to Siem Reap where the afternoon is free for you to spend at leisure. Perhaps pick up some last minute souvenirs at the central market or head down to lively Pub Street.

Note: Between Feb - July the water levels at Kompong Phluk village maybe too low to go boating, if so, we will visit Chong Kneas floating village where it will still be possible to go boating. Afternoon and evening at leisure.

**Overnight - Siem Reap (B, L)**

### Day 6 : Siem Reap

Saturday. After breakfast and hotel check-out, an included departure transfer takes you to the airport.(B)

Highlighted below are some of the hotels which we frequently use on this tour, though we reserve the right to substitute these hotels to ones of a similar standard.

### KNOW BEFORE YOU GO

#### Cambodia Country Guide

## Entrance Fees - collected in USD.

Entrance fees to most sites are not included, although reasonably priced. In Cambodia, we collect entrance fees on Day 2 of the tour (the amount is noted under exclusions on page one of this document). A breakdown of the entrance fee total is provided upon arrival. All funds collected in Cambodia for entrance fees are payable in USD.

## Tipping Kitty - collected in USD

At the start of your tour, we take a small tipping kitty (the amount is noted under exclusions) from all tour participants to cover tips throughout your holiday. This saves you the hassle of knowing when and how much to tip bellhops, luggage handlers, bus drivers, train conductors and other support staff throughout the tour.

This amount does not include a tip for your tour guides. For a job well done, we would suggest USD \$3 - 6 per person per day. Tipping your guide is an entirely personal gesture and ultimately the amount is up to you.

## Health Requirements

You should seek medical advice before travelling to Cambodia from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Tetanus, Typhoid, Hep A, Diphtheria and Polio are recommended.

There is the risk of malaria in parts of Cambodia so it is very important to check with your doctor before you go, to see whether malarial medication is required for the areas you are visiting. Yellow fever is not present in Cambodia but a yellow fever vaccination certificate is required from those travelling from an infected region.

### Water

Tap water in Cambodia is not considered safe to drink. It's recommended to only drink bottled mineral water, which is readily available in hotels, shops and restaurants.

## Climate

Cambodia has a tropical monsoon climate with two seasons; Rainy season from May to November, when the countryside is lush and green, and dry season from late November to April, when there are long days of glorious sunshine and clear skies. Temperatures in Cambodia remain fairly constant and warm throughout the year, apart from in the north, when winters (December to March) are generally colder.

## Guides

In Cambodia, a Cambodian national guide is offered for arrangements in Phnom Penh. Upon arrival to Siem Reap you will meet a specialist regional guide who will lead your tour from here on.

If travelling on our Thailand & Angkor Temples tour, your Cambodian tour guide will meet you upon arrival to Siem Reap Airport and conduct all arrangements from there forward till your return to Thailand.

## Time & Voltage

Cambodia is 7 hours ahead of Greenwich Mean Time(GMT).

# Classic Cambodia

The voltage in Cambodia is 230v. In Cambodia 3 types of plugs are commonly accepted: 2 flat prong plugs (type A), the 2 round pin european plug (type C) and many of the new 4 and 5 star hotels use the British standard 3-pin plug (type G). To cover all bases, it is best to pack an international travel adaptor!

## Currency

The official currency of Cambodia is the Cambodia Riel but USD is also widely accepted and sometimes preferred in larger stores and supermarkets.

Pound Sterling, US Dollars, Euro and other major currencies can be exchanged in Cambodia at various bureau de changes in major cities and towns. However foreign currency is also widely accepted and often desired more so it can give the shopper more buying power. ATMs can be found in all larger towns and cities and some five star hotels. We recommend you take a mixture of cash (preferably USD) and credit/ debit cards for ATM's. It's advisable to request bank notes in smaller denominations, as it can sometimes be hard to get change from large notes and smaller notes are handy for smaller purchases and gratuities.

Traveller's Cheques are not recommended as they're often difficult to exchange and incur high fees.

## Essential Packing

- Lightweight cotton garments. Ladies will need to have their shoulders and legs (to below the knee) covered when visiting the Royal Palace in Phnom Penh and Angkor Wat. Please pack accordingly
- Comfortable walking shoes in addition to flip flogs/ thongs
- DEET based mosquito repellent & antihistamine cream
- Bring a 2 flat prong (type A) and a 2 round pin (type C) electrical adaptors. A universal adaptor will cover all bases
- Lightweight, fold up raincoat/ poncho/ umbrella
- Two spare passport photos & a photocopy of your passport
- A small daypack for your day-to-day needs

- Sunglasses, hat, sunscreen, swim costume and torch

## Visas

British, Australian, Canadian, New Zealand, South African and USA passport holders are able to obtain a 30 day tourist visa upon arrival to Cambodia when entering via Pochentong International Airport in Phnom Penh, Siem Reap International Airport (in the Angkor Wat Region) and at the Moc Bai (Vietnam) and Bavet (Cambodia) land border. We use the Moc Bai/Bavet land border crossing for all our group tours that travelling from Vietnam to Cambodia.

At each of these entry points you must submit a photocopy of your passport (identification page) and one passport size photograph. The cost of the visa is currently USD30. Note: at the land border sometimes immigration will ask for more. In this situation point to the sign above the ticket window indicating that the cost is actually USD30 (subject to change). Further, you are best to give the exact amount i.e. USD30 as often if you give more you will not receive change.

Alternatively, it is now also possible to obtain an e-visa in advance of travel. The e-visa allows for a length of stay up till 30 days. The e-visa is valid for 3 months from date of issue, not date of arrival, so please ensure that you do not obtain this visa too far in advance. Online processing time for this visa is 3 days. The e-visa is valid for entry via Pochentong International Airport in Phnom Penh, Siem Reap International Airport (in the Angkor Wat Region) and at the Moc Bai (Vietnam) and Bavet (Cambodia) land border. It is not valid at any other land or water border. To obtain an e-visa for Cambodia go to: <https://www.evisa.gov.kh/Default.aspx>

It is also possible to obtain a 30 day tourist visa prior to arrival via the Cambodian Embassy in your home port, though please note tourist visas arranged with the embassy are valid for one month from date of issue, not date of arrival.

PLEASE NOTE: Your passport must be valid for at least 6 months after your departure date, if it is not you may be refused entry into
