Road to Jerusalem

7 per day, per traveller. Tipping your tour guides is an entirely personal gesture

DETAILED ITINERARY

Day 1 : Amman

Saturday. Welcome to Jordan and the start of your holiday! Arrive Amman, included transfer to hotel.

Overnight - Amman

Day 2 : Ancient Cities, Roman Ruins

Amman - Jerash - Umm Qais - Amman. Your tour leader will usually be at your hotel at approximately 7.30am for your welcome meeting. Throughout the tour, you'll be fully briefed by your tour leader as regards touring arrangements. Later today your entrance fees and a modest tip kitty of about will be collected from everyone. The kitty will cover all the tipping throughout the tour (to baggage handlers, porters, drivers and ancillaries), except tips for your Jordanian and Israeli tour guides.

Driving north, we visit the awesome Roman ruins of Jerash. Second only to Petra in touristic appeal, the 2,000 year-old Graeco-Roman ruins of Jerash are recognised as one of the best-preserved member cities of the Decapolis, a confederation of 10 Graeco-Roman cities. We'll explore the site, taking in the colonnaded street, amphitheatre, nymphaeum, forum and more before continuing to town of Umm Qais, which is the site of the ancient Graeco-Roman town of Gadara, and provides panoramic views over the Sea of Galilee and the Golan Heights.

Gadara was renowned for its cosmopolitan atmosphere, attracting an array of writers, artists, philosophers and poets. It also served as a resort for Romans vacationing in the nearby al-Hemma hot springs. A considerable portion of the original Roman architecture has survived and we have the day to explore. Later this evening we head out for a meal and a stroll along Rainbow Street to experience modern Amman with its hip bars, rooftop restaurants, art studios, bookshops and curious. **Overnight - Amman (B, D)**

Day 3 : Mt Nebo & Umm ar Rasas

Amman - Madaba - Mount Nebo - Umm ar Rasas - Petra. Today we tour the citadel and Archaeological Museum of Amman before we take a walk through the bustling local souk to enjoy typical Jordanian street treats of falafel and hummus at the country's most popular local street stand. As the pictures on the wall will prove, the unglamorous food stand was a great favourite of the late King Hussein.

Leaving Amman we'll stop first at Mt. Nebo, the site from which Moses saw the Promised Land. Having led the Israelites for 40 years through the wilderness, Moses finally saw them from this awesome vantage point. This amazing panorama includes the Jordan River Valley, the Dead Sea, Jericho and the spires and domes of the Mt. of Olives and Bethlehem on the Judean hills just across the wide valley. Later we visit Madaba en route to Petra where we see the Church of St George, the Madaba Archaeological Park, Apostles Church and Madaba Museum.

Our next port of call is Um ar-Rasas, one of Jordan's World Heritage sites and once an important stop on the busy caravan routes. The impressive mosaic floor of the St. Stephen Church features medallions commemorating all the early Christian pilgrimage sites of the region, and the extensive ruins also include one of the area's earliest Stylite towers, where a Byzantine hermit lived atop the tower and preached to the pilgrimage visitors.

Our final stop of the day is Petra. Consider doing a Petra by Night excursion (payable locally) for a tantalizing candlelight stroll through Petra's Siq...a romantic preview of things to come. **Overnight - Petra (B)**

Day 4 : The Rose City

Wadi Musa (Petra). Chief among Jordan's many archaeological riches is the UNESCO World Heritage Site of the Rose City of Petra. We access the hidden archaeological treasures of the Rose City on a walk through a narrow, deep siq, where the rocks finally give way to reveal the famous facade of the Kazneh-the Treasury of Petra. It's natural to have an Indiana Jones moment here as it was this building that served as the Holy Grail's resting place and the prize Indy so coveted.

As the Treasury is passed, the hidden valley widens to reveal the remains of the city proper. Continuing our walk, we'll then go on to explore chunks of this fantastic once-lost city. Petra is an erosion-hewn masterpiece. Sandstone shot with minerals burst into colour giving off blue, red, orange and green hues. Our exploration takes us past many tombs, temples, an impressive amphitheatre and a Roman colonnaded street. Concluding the guided aspect of the tour, you're free to head off and further explore. Want to learn how to cook Middle Eastern food? Consider opting for our Petra Kitchen Add-on tonight! See our website for details. **Overnight - Petra (B)**

Day 5 : Wadi Rum

Wadi Musa (Petra) - Wadi Rum. A chance to revisit Petra before our afternoon drive south to Wadi Rum. A vast, silent landscape of ancient riverbeds, pastel coloured stretches of sandy desert and amazing rock formations known as jebels that rise from the desert floor, the desertscape of Wadi Rum represents some of the most stunning countryside on the planet. Wadi Rum possesses unspoiled natural beauty forged by millions of years of geological formation, erosion and evolution. The region is also home to the semi-nomadic Bedouin living in their great goat's hair tents, tending their herds of sheep and goat and

preserving an ancient lifestyle that has been practised in the Arabian desert for thousands of years.

Boarding 4 x 4s, we can get up close and personal to the surrounding scenery. Tonight, we enjoy a Jordanian dinner. Camp under the stars or in the provided tents. **Overnight - Wadi Rum (B, D)**

Day 6 : Shobak Castle & the Dead Sea

Wadi Rum - Shobak – Wadi Mujib - Dead Sea. After breakfast at the campsite, we head north along the Desert Highway to visit Shobak Castle, which is perched dramatically on a hill top and was built by the Crusader king Baldwin I in 1115. After exploring the castle we descend some 1300 meters to the Dead Sea, the lowest point on the earth's surface. More than 500 meters below sea level, the mineral-rich Dead Sea is the world's original health and beauty spa. Drift out and bob in the waters and slap on some of the famous black Dead Sea mud to give your skin an invigorating boost.

For departures between April and October we'll head up the King's Highway to Wadi Mujib. We'll embark on a moderate –paced two hour trek along the Siq Trail. Measuring 500 metres in depth and spanning 4 kilometres across, the impressive Wadi Mujib is one of Jordan's most remarkable natural features. This dramatic canyon features sheer rocky walls and sparkling waterways that range from puddle height to depths that are perfect for swimming (chest height or deeper) depending on the rainfall. When the water level is high you should be prepared for having to climb up ladders, clamber across boulders and be happy to wade through water. The canyon is just one feature of the Mujib Biosphere Reserve, the lowest nature

reserve in the world, home to a surprising diversity of wildlife and plant species. After our trek we make our way to the Dead Sea. For those not interested in taking the full hike, you can walk part of or wait by the Visitor Centre till the group returns.

After check in at the Dead Sea, re-confirming your arrangements for travel to the Israel border on day 8 and answering any questions you may have, it will be time to say goodbye to your tour guide who will be returning to Amman today. Your time at the Dead Sea is offered purely as rest and relaxation and with no formal arrangements your guide will take his leave.

Note: Lunch and dinner at the Dead Sea are not included in our stay. A buffet lunch is offered daily at a cost of 13 JD and a dinner buffet nightly at a cost of 19 JD per person. There is also an a la carte menu and other restaurant choice available onsite. **Overnight - Dead Sea (B)**

Day 7 : Dead Sea Relaxation

The lowest point on the earth's surface at more than 400m below sea level, the Dead sea is a natural phenomena and high on most travellers' bucket lists. Lucky for us we have a whole day to spend here, whiling away the time bobbing in its mineral-rich buoyant waters and lathering up with a detoxifying mud bath. Later today there will be an optional visit to the Ma'in hot springs - a series of waterfalls and hot springs, and a sacred baptism site where Jesus Christ is thought to have been baptised (book locally). **Overnight - Dead Sea (B)**

Day 8 : Jerusalem

Dead Sea – Jerusalem (West Bank). This morning you'll be picked up at 9:00am and transferred to the King Hussein (Jordanian Border) where after departure formalities you will transfer by public shuttle bus 1 kilometre at a cost of approx 7.5JD and 1JD per bag across to the Allenby bridge (Israeli Border point). At times (dependant upon the group size) a private transfer across the border is allowed with no associated costs.

After attending to immigration and passport control, you will be met by your Israeli driver, who will be standing next to the currency exchange office from 11am onward. Your driver will then transfer you to your hotel in Jerusalem.

It is a good idea to arrange a packed lunch or pack snacks with you before setting off from Jordan as the border process can be as quick as 30 minutes and at other times several hours.

The afternoon and evening are free for you to explore. Today is the Sabbath and hotel check-in will not be until after sundown. You are welcome to wait at the hotel until check-in or you can use the time to head out and wander around the World Heritage Listed city on foot whilst the city is devoid of traffic or opt to visit the Israel Museum. **Overnight - Jerusalem (B, D)**

Day 9 : Bethlehem (West Bank)

After breakfast you will be picked up and taken for a coach tour of this beautiful city and its surrounds. We stop at the holy Mount of Olives where you can get some amazing panoramic photos of the old city. Disembarking the coach we continue on foot to really absorb the wonders of the Old City–

a world heritage site since 1981 - which is brimming with culture and history.

We walk through the Armenian and Jewish quarters with archaeological remains on display in a series of museums and outdoor parks that can be viewed by descending two or three stories beneath the level of the current city. We then continue to the old Roman road *Cardo Maximus*, (meaning 'the main line') which was once the main royal road in Jerusalem, and is estimated to have been built in the 6th Century AD, and this takes us to the Wailing Wall or 'Kotel', where we will witness people immersed in prayer or seeking spiritual guidance, as the Jewish people believe that the presence of God resides here.

We continue to the Christian quarter, which is built around the beautiful church of the Holy Sepulchre – one of the holiest places for Christian religion, as it is at Golgotha, the site of Jesus' Crucifixion and burial. We reach the Holy Sepulchre by walking down the emotive *Via Dolorosa*, (Way of Suffering or Way of Grief) a pilgrimage route that bears the Stations of the Cross. Once inside the church we can visit the opulent marble tomb of Jesus.

Continuing our tour we jump back on the coach and drive towards Bethlehem in the West Bank, visiting the Shepherds' field. Next stop is Bethlehem - birthplace of Jesus, the revered Church of the Nativity and Manger Square. (Please note that touring in Bethlehem may be in conjunction with other tourist groups, not solely On The Go). Spend the evening at leisure in Jerusalem. **Overnight - Jerusalem (B, D)**

Day 10 : Haifa, Caesarea & Jaffa

Jerusalem – Haifa – Caesarea – Jaffa – Tel Aviv. We bid farewell to Jerusalem today and head north to the port city of Haifa. Here we'll visit the UNESCO world heritage listed Baha'i Shrine and the beautiful tropical gardens set on the slopes of Mount Carmel. Travelling down the coast we stop in the historic city of Caesarea where Roman and Crusader-era ruins are strewn along the sea front. Continuing south we reach Jaffa, an ancient port where we enjoy a walking tour of the picturesque fortified town and marvel at the hilltop views. Then it's just a short drive to the vibrant, modern and cosmopolitan city of Tel Aviv, where we spend our final night. Dubbed "the city that never sleeps" Tel Aviv is renowned for its hedonistic nightlife and the city also has a plethora of trendy bistros, high-end restaurants and delicious street food stalls to choose from for dinner. **Overnight - Tel Aviv (B)**

Day 11 : Tel Aviv

Tuesday. Our tour ends today with an included transfer from Tel Aviv to Ben Gurion Airport at any time of day.

There's so much to see and do in Tel Aviv that we highly recommend extending your stay to enjoy its beautiful beaches, art galleries and markets, including the popular Nachiket Benjamin market, which is only open on Tuesdays. We can book post tour accommodation upon request.(B)

At its peak the meteors rain down at a rate of about 60 meteors per hour. Special arrangements on this tour are as follows:

Tonight, we'll tuck into a Jordanian dinner before the stargazing begins. The Perseids Meteor Shower occurs once a year and has been observed for the last 2000 years. At its peak the meteors rain down at a rate of about 60 meteors per hour. The clear and night sky of the Jordanian desert is the ideal place from which to view these celestial wonders. The Perseids were traditionally known as the "tears of St Lawrence" because they often appeared around the saint's feast day.

In previous years, our groups have enjoyed a spectacular show staying up well into the night and counting well over 150 meteors shooting across the sky and we hope to have the same experience this year. Overnight – Wadi Rum (B, D)

Day 6: Wadi Rum - Wadi Mujib - Dead Sea. This morning we get the chance to experience Wadi Rum as the Bedouins do - by camel. Until recently, the Bedouins were a nomadic people who made their living through looking after their herds of goats. Although most of the Bedouins have now become villagers, they still rely on the goats for the milk, yoghurt and cheese, and some families do return for a part of the year to a wandering existence, minding their flocks. As we ride through Wadi Rum on camel back we have a chance to see some of the desert wildlife including many small birds and various Geckos and Agamas, including the striking bright blue Agama.

Should you be planning to travel to any of the countries and wish for your passport NOT to contain evidence of having travelled to Israel, you will need to have your Jordanian exit stamp (given at the King Hussein/ Allenby Bridge Border crossing), stamped upon a separate piece of paper, which Jordanian officials are willing to do.

Israel Time & Voltage

Israel is 2 hours ahead of Greenwich Meantime (GMT). Daylight Saving time starts on the Friday before the 02 April. The move back to standard time occurs late September/early October according to the Jewish calendar falling on a Saturday night between Rosh Hashanah (Jewish New Year) and Yom Kippur. During this period, Israel is 3 hours ahead of GMT. Standard voltage is 220 volts, 50Hz AC. Primary sockets require the Continental or European, 2 small round

pin variety. We recommend that you pack a universal travel adaptor. You will need a voltage converter, and plug adaptor in order to use U.S. appliances.

Climate in Israel

Temperatures vary widely, especially from December – early March. The more mountainous regions can be windy, cold and sometimes snowy; Mount Hermon's peak is covered with snow most of the year and Jerusalem usually receives at least one snowfall each year. Temperatures at this time of year average 10-15°C in most places, but approx 5°C in Jerusalem and the Galilee hills - where it can be very cold at night. In January and February there is often heavy rain.

Meanwhile, coastal cities, such as Tel Aviv and Haifa have a typical Mediterranean climate with cool, rainy winters and long, hot summers (May to early September) when temperatures range from 27°C – 32°C and rainfall is minimal.

Wadi Mujib Gorge

If travelling between 01 Apr - 31 Oct, you have the option to take a walk through the canyons of Wadi Mujib. Starting at the visitor's centre near the Mujib Bridge we walk/ wade upstream through the gorge nestled deep within the sandstone outcrop to the base of a large waterfall. Depending on seasonal rainfall levels, the gorge may contain pools deep enough for swimming. It's an ideal walk to take slowly and enjoy the cool water and shade, especially in the heat of the summer. Despite being relatively easy at times, it does have hidden risks. When the water level is high you should be prepared for having to climb up ladders, clamber across boulders and be happy to wade through water. The river bed changes after each winter flood and this can create deep pools and strong currents making this walk harder (speak to your guide about the current conditions). Always take care along the walk, avoid pools and rapids, respect any rope barriers and take care if scaling up wet rocks using the ropes. Depending on conditions this would be unsuitable for travellers that are not confident swimmers.

What you need to bring:

Clothes: Should be light and comfortable. T-shirts and long shorts are advisable (to protect

legs). You are advised to wear a bathing suit under your clothes and bear in mind that all your clothes will get totally wet so don't wear anything that you don't mind getting ruined. Shoes will also get totally wet. Therefore wear something that is not slippery and avoid flip flops or thongs - rugged water shoes are a good option. You may wear hiking sandals as well. Sunscreen is important along with caps. (The beginning of the hike is under the sun but later you are shaded by the mountains). You may want to bring clothes to change into after the walk. Prescription eye glasses and sunglasses may get damaged and are best left behind.

Mosques, Religion & Ramadan

93% of the population are Muslim. Others are Christians or followers of other faiths. All mosques are open to non-Muslims but cannot be visited during prayer times. If visiting a mosque you will need to dress conservatively. Ensure limbs are covered and shoes removed

when entering any Mosque. Men must refrain from wearing shorts, as must women.

RAMADAN

Ramadan is a month of fasting observed by Muslims throughout the world and adherents of the Muslim faith fast during daylight hours and break their fast with lavish meals and lively celebrations in the evening. Ramadan culminates a month later in a 3 day celebration called Eid al - Fitr. Many shops (excluding those which cater mainly to tourists) and attractions close earlier during Ramadan. As such we will start our tour earlier during this period to make the best use of time and itineraries will be slightly altered to ensure we visit all attractions, leisure time will be offered in the late afternoon. Non-Muslims are not expected to fast over Ramadan, but it is considered impolite to eat food or drink on the street.

Note: Traffic is exceptionally heavy during Ramadan, especially toward the time of breaking the fast. Forthcoming Ramadan dates are as follows, (approximate) -
23 April – 23 May 2020
12 April – 11 May 2021

Wadi Rum Desert Camp

On all group tours in Jordan we include a night in Wadi Rum at a Bedouin desert camp, where camping is the best way for us to experience the beautiful desert landscape. You can choose to spend the night camping under the stars or bedding down in our comfortable permanent tents with twin beds and linen provided, although you may want to bring your own sleeping bag liner. If visiting in winter (Nov - Mar) it can be very cold at night in the desert and you may wish to bring your own sleeping bag for warmth. There are environmentally friendly shared bathroom facilities with hot and cold running water, toilets and showers. Our communal tent furnished with small tables and cushioned seating area, is the place to gather at night where we enjoy a hearty Jordanian meal and some traditional Bedouin music.

Shopping

women under the auspices of the Noor-Al Hussein Foundation and the Queen Alia Fund. A popular form of ceramic ware is 'Jerusalem Pottery'. Platters are highly decorated with biblically-inspired designs including fish, peacocks, grapes and goblets of wine. Known as Hebron glass, colourful handmade glassware in brilliant colours is a nice buy, as is silver jewellery crafted by the Bedouin people. Dead Sea products of all guises, olive oil and soaps, sweetmeats and olive wood objects are also uniquely Jordanian souvenirs.

IMPORTANT: Set your budget and don't be swayed, remember the caveat – 'Let the buyer beware'. Any purchases made whilst on holiday with us, irrespective of whether the store is recommended by us or other, are at your own discretion. Please make sure that you are completely happy with the product you are purchasing and the delivery arrangements (we would recommend you take away with you any purchases rather than rely on shipping services). On The Go cannot be held responsible or accountable for items bought in country or shipping arrangements. Proceed with caution.

Arriving to Jordan

Upon arrival to Amman Queen Alia International airport and if we are arranging a visa for you, we will meet you PRIOR to immigration and fast track you through the process. If we are not arranging your visa please proceed through immigration, baggage claim and customs. As you exit customs into the public arrivals hall, please look for our representative who will be holding an On The Go Tours logo signboard. Our representative will introduce you to our driver, who will transfer you to your hotel. You will also be given a welcome letter at this time highlighting the departure time for your sightseeing program tomorrow.

If for any reason you have trouble locating our representative (after waiting 20 minutes PRIOR to immigration, if we are arranging your visa) or your flight to Jordan is delayed, please call or send a text message (standard text, not messenger, what's App etc) to the emergency contact number as noted on your tour voucher.

Entrance Fees & LP

Entry fees to sites are not included in your holiday and are subject to change at the discretion of the Ministry of Tourism. There is no reduction for ISIC student card holders at Jordanian sites. A two day pass for Petra is currently 55JD (approximately USD\$77) and a one day ticket is 50JD (approximately USD \$70), included in the above budget.

In Jordan, we collect entrance fees on Day 2 of the tour, the amount is noted under exclusions on page one of this document. On our Road to Jordan, Temples Tombs & Treasury and Pyramids Petra, Promised Land tours entrance fees will be collected upon your arrival to Petra or the following morning. You can take advantage of exchanging money and ATM facilities at the airport. All funds collected in Jordan are payable in Jordanian Diner (JD).

If travelling onto Egypt, your entrance fees for this part of your holiday is payable in EGP and will be collected on the second day of arriving to Cairo

If your tour includes a Local Payment of GBP 150 or USD equivalent (noted under exclusions) this amount will also be collected on Day 2 in Jordan.

Tipping Kitty

At the start of your holiday we will collect a tip kitty (the amount is noted under exclusions) from all participants on the tour to cover gratuities throughout your holiday. This saves you the hassle of knowing when and how much to tip bellhops, luggage luggers, bus drivers, antiquity guards, and other support staff throughout the tour.

This amount does not include a tip for your tour guide. For a job well done, we would suggest USD\$5 - 7 per day for your tour guide, however the decision to tip or how much is entirely up to you.

If you are travelling on to Egypt, the tip kitty for the Egyptian sector of your holiday will be collected in EGP on the second day of arriving there. You should also allow a tip of USD\$5 - 7 per day for your Egyptian tour guide, though ultimately the decision to tip or not and the amount is a personal choice.

If travelling onto Israel we would also recommend you budget USD5 - 7 per day, per traveller for your guide and USD2 -3 for

your driver. Tipping your guide and driver is an entirely personal gesture.

Petra Park Services Charge

The cost of the entrance ticket to Petra includes a compulsory 7JD fee to ride an Arabian horse. This Government-approved directive is in support of the local Bedouin who own the horses and also live in the surrounding town of Wadi Musa. As you have paid this obligatory charge, you are indeed entitled to ride a horse 800 metres down to the entrance gate at Petra. However, please be aware that you'll need to tip the horse handler an extra 2JD. **IMPORTANT-** On The Go Tours only recommends that you do so if you are an experienced rider. The decision to ride a horse is a personal one.

Health Requirements

You should seek medical advice before travelling to Jordan from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Tetanus, Diphtheria and Hepatitis A are strongly recommended. As tap water is not safe to drink in Jordan, only drink bottled mineral water which is readily available from hotels, shops and restaurants.

Currency

The currency of Jordan is the Jordanian Dinar. Pound Sterling, US Dollars, Euro and other major currencies can be exchanged in Jordan. Exchange facilities are available at various bureau de changes and all major towns have ATMs. It's advisable to request bank notes in smaller denominations, as it can sometimes be hard to get change from large notes and smaller notes are handy for smaller purchases and gratuities. Traveller's Cheques are not recommended.

Climate

The maximum daily temperature in Amman ranges from 12°C in January to 32°C in August. The weather in the Jordan Valley (Petra) and south of the country is very hot during the summer months of April through to September. At this time of year daytime temperatures can exceed 38°C and increase to as high as 49°C. The sun can be fierce

so it is advised to apply plenty of sunscreen, especially at the Dead Sea.

In winter (December to February) temperatures can range from 0°C to 12°C. If visiting during winter you will need to pack warm clothes for sightseeing, although the Dead Sea region will still be quite warm. If your holiday includes a stay in the Wadi Rum desert, winter wear items such as hat, scarf and gloves are also advised.

Time & Voltage

Jordan is 2 hours ahead of Greenwich Meantime (GMT). From the last Sunday in March to the last Sunday in October Jordan observes Daylight Saving and is 3 hours ahead of GMT. Standard voltage is 220 volts. Primary sockets require 3 pin UK and often European, 2 pronged variety. In Israel the preferred variety is European 2 prong. We recommend that you pack a universal travel adaptor. You will need a voltage converter, and plug adaptor in order to use U.S. appliances.

Guides & Groups

Many of our tours offered are sectors of a larger tour. As such, on your holiday you may have travellers join you part way through your tour or end their holiday when you continue on. You also may have a number of escorting guides throughout your tour, ie one guide escorting your time in Jordan and the remainder of the holiday another in Egypt (or in reverse depending on your tour booked).
