Dunes, Deltas and Falls

known as Namaqualand. Each spring this area is awash with colour as the Namaqua wildflowers bloom across the region. After a short stop in the mining town of Springbok we continue through the barren desert landscape of the Richtersveld before reaching the Orange (Gariep) River, which acts as a natural border between South Africa and Namibia. Our accommodation for the evening is situated on the South African side of the river with beautiful views. **Overnight - Orange River (B, L, D)**

Day 4 : Fish River Canyon

Orange River - Fish River Canyon. An exciting day starts with a canoe trip on the Gariep River, home to a fantastic array of birdlife. You'll get the opportunity to take a paddle in the river as we explore by boat. After lunch we cross the border into Namibia and make our way to Fish River Canyon, the second largest canyon in the world. Formed by tectonic activity and erosion it measures 161km in length, 2km in width and roughly 550m in depth. Following the eastern rim we'll get the chance to stop at a number of vantage points for breathtaking views across the canyon.

Please note air conditioning may not be available at all times when travelling through Namibia.

Overnight - Grunau (B, L)

Day 5 : Sesriem

Fish River Canyon - Sesriem. It's an early start today as we make our way north through the Namib-Naukluft desert, one of the oldest in the world. With a sea of towering sand dunes, some of which are reputed to be the highest in the world, it's an incredible part of the world. Our base for the next two nights is the Sossuvlei area, a great place to explore the region from.

Please note air conditioning may not be available at all times when travelling through Namibia. **Overnight - Sossusvlei Region (B, L)**

Day 6 : Namibia's Sand Dunes

Today we further explore the amazing Namib-Naukluft National Park. We have the opportunity to climb Dune 45, so named because it's at the 45th kilometre on the road that connects Sesriem gate and Sossuvlei. This impressive dune stands at around 80 metres at its highest point and is made up of 5 million-year-old sand. Later today you'll have the opportunity to join one of the desert shuttles that heads a further 5km into the desert, reaching Sossuvlei, characterised by salt pans surrounded by imposing red sand dunes.

Please note air conditioning may not be available at all times when travelling through Namibia.

Overnight - Sossusvlei Region (B, L)

Days 7-8 : Swakopmund

Sesriem - Swakopmund. After breakfast we head north-west in the direction of the Atlantic Ocean and the town of Walvis Bay before continuing to the seaside town of Swakopmund. During our journey we'll cross the Tropic of Capricorn.

On day 8 you have some free time to explore this beautiful colonial town or partake in some of the optional adrenaline activities on offer here. Founded in 1892 by the Germans, Swakopmund still holds a lot of colonial charm with the added excitement of various adventurous pursuits. Optional excursions include sky diving, quad biking, sand boarding, scenic desert flights, dolphin cruises, fishing trips, golf, horse riding and more.

Please note air conditioning may not be available at all times when travelling through Namibia. **Overnight - Swakopmund (B:2, L:1)**

Day 9 : Brandberg

Swakopmund - Brandberg. We make an early departure from Swakopmund this morning and head through Spitzkoppe, often referred to as the 'Matterhorn of Namibia'. This 1728m-high rock formation is one of Namibia's most recognised landmarks. We'll explore this area, visiting the rock paintings that have been discovered in the area. We end the day at our accommodation in Brandberg.

Please note air conditioning may not be available at all times when travelling through Namibia. **Overnight - Brandberg (B, L, D)**

Days 10-11 : Etosha National Park

Brandberg - Etosha National Park. On day 10 we depart for Etosha National Park. Covering over 22,000 square kilometres, Etosha is Namibia's most significant and impressive national park.

On day 11 we explore Etosha National Park further. Located around the Etosha Pan, the national park is home to a huge variety of animal and birdlife. The network of unpaved roads give us a fantastic opportunity to get deep into the remotest parts of the park. This afternoon we explore the southern area of Etosha, with a thriving Oryx and Springbok population to be seen. This evening we return to our accommodation just outside the national park where you might wish to have a quick dip in the pool or enjoy a sundowner before dinner.

Dunes, Deltas and Falls

Please note air conditioning may not be available at all times when travelling through Namibia. **Overnight - Etosha National Park** (B:2, L:2, D:2)

Day 12 : Etosha National Park

Today we make our way through the park heading northwards, en route we'll see many different fascinating animals. Moving to a different part of the park shows the change in vegetation and how this affects the wildlife. Arriving to our accommodation this evening we can take some time to relax. You may wish to head to the waterhole where you can sit and observe the animals that come and go.

Please note air conditioning may not be available at all times when travelling through Namibia. **Overnight - Etosha National Park** (B, L)

Day 13 : Windhoek

Etosha - Windhoek. After our breakfast this morning, we head out of the park. Today's drive will take us through small rural towns and scenic landscapes. Nestled between the hills, Windhoek is a rather small capital city but has many places of historical interest. This afternoon is spent at your leisure with time to visit the local museum or haggle at the street side markets. There are also many shops for those in need of a bit of retail therapy.

Please note air conditioning may not be available at all times when travelling through Namibia. **Overnight - Windhoek** (B, L)

Day 14 : Ghanzi

Windhoek - Ghanzi. It's an early departure this morning as we head for the border and make our way into Botswana. Our accommodation for the night is located in the small town of Ghanzi, in the middle of the Kalahari Desert. This afternoon you'll have the option of a number of activities that will allow you to interact with the native Bushman people who reside in this area. You'll learn about their way of life and how they are able to survive in such an arid and desolate area. **Overnight - Ghanzi** (B, L)

Days 15-17 : Maun

Ghanzi - Maun - Okavango - Maun. Travelling north on day 15 we reach Maun, which is

the starting point for the majority of people travelling to the Okavango Delta. This evening we begin our preparations for the following day.

On day 16 we rise early and head north to the Mokoro poler's station. Along the drive we'll see a number of local villages where families have lived in a traditional way for many years. Mokoros are dugout canoes manoeuvred through the waterways by local guides who "pole" them through the reeds. After a leisurely glide through the delta we reach our accommodation for the night. The afternoon and evening will offer the chance to relax with a cold drink or take a dip in the delta. The Okavango Delta, travelling from the Angolan highlands, is the largest inland delta in the world and is studded with lushly vegetated islands and unique bird life, with over 400 avian species.

On day 17 we have the opportunity to take a game walk through the delta before we take a mokoro ride back to our vehicle in time for lunch. From here there will be an optional scenic flight over the vast expanse of water (dependent on weather conditions & availability). This afternoon we continue back to Maun. **Overnight - Maun** (B:3, L:2, D:1)

Day 18 : Nata Region

Maun - Nata Region. Departing Maun we head east around the edge of the scarcely populated area of the Makgadikgadi Pan. One of the largest salt flats in the world it is the vast remains of an early super lake. After reaching our accommodation this afternoon we have the option of taking a game drive or a bushwalk. **Overnight - Nata Region** (B)

Day 19 : Kasane

Nata Region - Kasane. We continue north this morning travelling to the town of Kasane and to our accommodation on the banks of the Chobe River. The Chobe River is a natural border which divides Botswana, Namibia and Zambia. Be on the look out for the local hippos hiding just below the surface.

As the main water source of the region, the river attracts an abundance of wildlife to its

shores, and our accommodation is the perfect place to spot any game that've made their way down to the water's edge. **Overnight - Kasane** (B, L)

Day 20 : Chobe National Park

Kasane - Chobe National Park. This morning offers some free time to relax or explore the local town of Kasane before we prepare for our Chobe National Park Overnight Mobile excursion – an overnight experience in the wilds of the Chobe National park. Chobe is one of Botswana's premier game parks, renowned for its large elephant herds. Spend the afternoon in search of wildlife while we game drive to our camp within the park where we spend the evening surrounded by the night-time noises of the local wildlife. Look out for the rare Sable and Roan Antelope on your game drive, with their majestic backward slanting horns, or try keep a count of the Lilac Breasted Roller's that swoop by! **Overnight - Chobe National Park** (B, D)

Day 21 : Victoria Falls

Chobe National Park - Victoria Falls. Heading out of Chobe this morning we make our way back to our vehicle before we head for the Zimbabwe border. After departing Botswana we have a short drive to the town of Victoria Falls, named after the world-famous waterfalls. You then have the opportunity to explore the Falls before continuing to the town. The rest of the day offers time to relax and unwind. **Overnight - Victoria Falls** (B)

Day 22 : Victoria Falls

Our African adventure ends after breakfast today. We suggest extending your stay to take advantage of the exciting optional excursions available at Vic Falls, which include horseback safaris, a visit to the crocodile ranch, flights over the falls and more. (B)

About Overlanding

- To get the most out of your overland tour of Africa we highly suggest you read the 'About Overland Safaris' page on our website. It can be found under the Africa travel guide section on our website and is a comprehensive resource for understanding what to expect on an overland tour in Africa
- Overlanding is not considered a luxury holiday but is undoubtedly a lot of fun
- Africa is a vast continent and distances between the highlights we visit can be very far apart, but some early morning starts and late arrivals into camp will ensure that your time is maximised to see as many sights as possible
- We believe that a flexible approach to travel and good sense of humour are essential when undertaking overland safaris, although we trust that any hiccups in the itinerary will be resolved as soon as possible by our trusted partners

Tour Leaders and Groups

Our longest Overland Camping Safari we offer is our Great African Expedition - 57 Days, generally all other safaris we offer are sectors of this larger safari or similarly a fragment of one of the another safari's we offer. As such, on your holiday you may have travellers join you part way through your safari and also there may be travellers who end their safari when you continue on. There may also be times when there is a change of crew and truck (changed to suit group size or local road conditions).

Please Note

This tour is operated in conjunction with our trusted partner and you will join travellers from different operators, not solely On The Go.

This itinerary should be used as a guide only and may vary from day to day depending on road & weather conditions, political situations and group decisions.

All prices & Local Payments are subject to change.

Due to Tourism Laws in some of the countries we visit, there may be a truck and crew change during the trip.

Accommodation

During this tour you'll stay in a mixture of 2-4 star hotels, permanent tented camps as well as some fixed camping tents. All accommodation will have fixed beds and you won't be required to erect any tents. Your accommodation during your trip will have a mixture of en-suite and shared washroom facilities.

For your excursions into the Okovango Delta and Chobe National Park, accommodation will be provided in mobile tented camps and therefore during these nights may be a little more basic than other accommodation during the tour.

Things To Bring

- A rucksack/back pack is the best luggage to bring as your main bag
- For extra comfort, bring a travel pillow
- A towel
- Spare camera batteries/film and dustbag
- Mosquito spray (with active DEET ingredient)
- Your own personal first aid kit
- A torch
- A small daypack for your day-to-day needs.
- Antibacterial wipes
- A photocopy of your passport data pages
- Your Yellow Fever Vaccination Certificate
- Your travel insurance policy details
- Hat, sunglasses & sunscreen
- Warm clothing - raincoat, warm hat, socks, gloves etc as across Africa wet/dry and hot/cool climatic periods change invariably.

Transport on Tour

Our overland vehicles are custom built converted Mercedes Benz or MAN trucks that have seating

space for our passengers and a storage areas for luggage and all trip equipment. The trucks seat

between 27-30 passengers on our camping trips. Most seats are forward facing, though some models have a combination of forward, backward and some inward facing seats with tables. There is no air-conditioning on board, instead vehicles have sliding glass windows, and the seating area is raised providing a great advantage for game viewing and photography. Seats are cushioned and there is storage space for personal items like cameras, snacks and day packs in the seating area.

Meals on Tour

Meals and menus vary as food is purchased en-route, and is subject to produce that is available

seasonally in the areas we travel through. As we support the local communities along the way, fresh produce is mostly purchased direct from the producer or local grower and therefore has an organic appearance. Our safari cooks are able to offer a wide variety of menus with the ingredients available, even if the produce on offer is not of the same selection as what you may be used to back home. The breakfast spread consists of bread (toast when time allows), spreads and cereals with a hot breakfast every few days. Lunches are mostly prepared en-route with a supply of 'build your own' sandwich ingredients available. Dinners (when included) are cooked in the evenings on arrival at the campsite. A wide array of dinner menus are on offer during your safari, consisting of curries, stews, pastas, BBQs and even roasts!

On certain days lunch and dinner is not included and will need to be paid for at your own expense. Please check your itinerary for the day by day meal inclusions.

Participation on Tour

All of our overland safaris are participation trips meaning that all passengers are expected to help out around camp. The crew members running the trip will set up a rota system that will be followed. One day you may be on cleaning duty, the next day you may be on cooking duty and so forth. This is not only to make the trip easier for all involved but also

Budgeting

Africa is not as cheap as many people believe and we recommend that you budget between US \$50-70 per day for expenses such as drinks, snacks and curios. Budget more if you plan on buying a lot of souvenirs and budget for your optional excursions and visas separately.

KNOW BEFORE YOU GO

Passports & Visas

Please ensure that you have at least two blank pages in your passport, plus an additional blank page for each visa/African country you are visiting. If travelling on one of our longer overland safaris we recommend that you have at least 12 blank pages in your passport.

Please also note that your passport must be valid for a minimum of six months from the end date of your trip.

Any visa information provided in this document is for general guidance purposes only, visa requirements and fees are subject to change. It is essential that you check current entry requirements with each relevant embassy/consulate prior to departure. Visa procurement is the responsibility of the traveller and not of On The Go.

Booking Your Flights

When booking your departure flight you should allow time at the end of your African safari for any unexpected delays. We recommend that you book your onward flight no earlier than 24 hours after the end of your safari. In the case of our longer overland camping safaris (22 days or more) we advise against making any firm arrangements for at least 48 hours after the scheduled departure date. We can help to arrange post tour accommodation upon request.

Allergies/Likes/Dislikes

Whilst all will be done to accommodate everyone, sometimes the choice available is limited as your cook may be making the best of very limited availability, so some flexibility may be required when encountering

something you're not particularly fond of or have chosen not to eat as a lifestyle choice. Should you possess allergies which will result in a medical emergency or a life threatening situation then please ensure you speak to your cook on arrival so you can discuss the options available whilst en-route. This will ensure also that they are fully aware of what you can or cannot eat and make adjustments.

Botswana Country Guide

Visa

Please be advised that visa requirements are subject to change and that visa procurement is the responsibility of the traveller and not On The Go Tours, therefore it is essential that you check current visa requirements with the embassy before travel. Please also ensure that your passport is valid for at least 6 months from your planned date of departure from Africa.

UK, Ireland, Australian, New Zealand, USA, Canadian and South African citizens do not require a visa for entrance into Botswana.

The few countries that do require visas; mostly Eastern European and Asian Nationals, need to obtain them prior to arrival at the border. Visas are not issued at Botswana ports of entry, if you arrive without a visa, immigration officials will refuse you entry to Botswana.

The border crossings we use in Botswana include:

Muhembo (Botswana/Namibia border)
Kazangula (Botswana/Zimbabwe or Zambia border)
Groblerberg/Martin's Drift (South Africa/Botswana)

Botswana Tourism Levy from 1st June 2017 - postponed until further notice

From the 1st June 2017 a tourism levy of \$30USD is payable when entering Botswana. Payment is taken at the border in US dollars cash, debit or credit card. The Levy is valid for a 30 day period and can be used for multiple entry.

Please note this Levy has been postponed until further notice.

Vaccinations

You should seek medical advice before travelling to Botswana from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Polio, Diphtheria, Hepatitis A and Tetanus is strongly recommended. Rabies may also be recommended.

There is the risk of malaria in certain areas of Botswana so it is very important to check with your doctor before you go, to see whether malarial medication is required for the areas you are visiting. A valid Yellow Fever vaccination certificate is also required if travelling into Botswana and you have previously been in an infected country.

Currency & Banking

The currency of Botswana is the Botswana Pulas (BWP) 1 Pula = 100 Thebe. Notes are in denominations of BWP10, 20, 50 and 100.

Coins are in denominations of BWP1, 50, 25, 10, 5, 1.

There are no restrictions on the import of local or foreign currencies, provided they are declared on arrival. Export of local currency is limited to BWP50 and foreign currencies up to the amount declared on arrival. It is easy to change most forms of currency including US\$, GB£, Euros and South African Rand. The best place to change money in Botswana is the bureau de changes as banks charge commission to change either cash or travellers cheques. ATMs are available in all main towns, cities, shopping centres and most petrol stations. MasterCard, Visa, American Express and Diners Club are all widely accepted.

Travellers cheques should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Proof of identity may be requested in some instances, so it's useful to carry a passport or some form of photo identification. In large cities travellers cheques can incur a high surcharge.

Banking hours: Mon-Fri 0900-1530, Sat 0830-1100.

Climate

Botswana's climate is mainly temperate. During the summer months (October-April) the weather can be very hot with daytime temperatures of around 30 Celsius and higher. The rainy season (typically lasting from January to March) can be hot with temperatures still in the mid 30's and only dropping to around the mid 20's overnight. Winter (May-September) brings a cool change yet is still reasonably warm and mostly pleasant with an average temperature of around 25°C. Early mornings and evenings may be cold and frosty especially in the Kalahari region. The amount of rainfall decreases the further you travel west or southwards during the winter and rainy season months.

Travelling with children in Botswana

The Ministry of Nationality, Immigration and Gender Affairs informs the general public that it has imposed requirements for minors (children under 18) travelling through the country's ports of entry.

Effective from the 1st October 2016 minors travelling through the country's borders will be required to produce certified copies of unabridged birth certificates in addition to their valid passports. In the event that one parent is not travelling with the child, the other parent's affidavit consenting to such travel should be availed. However, an affidavit will not be required if the father's name does not appear on the child's birth certificate."

To summarise the above, should families be travelling with children below the age of 18 they will require the following:

- Valid Passports
- Certified unabridged birth certificates for all minors below the age of 18
- An Affidavit signed by the non-travelling parent should the minor be travelling with one parent

Unfortunately these regulations are very strict therefore we urge all parents travelling to Africa with their children to contact all relevant embassies well prior to departure to ensure they have the correct documentation as if you do not, there is a high chance you will be denied entry.

A low malaria risk occurs in northern parts of Mpumalanga (as well as Kruger National park, northern and northeastern parts of KwaZulu-Natal). If travelling to these regions and/or the countries north of South Africa, where there is a high malaria risk, we strongly recommend that you take anti-malaria medication. Precautionary measures to take to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

A small area in the northwest has a desert climate. Most of the country has warm, sunny days and cool nights. Visas

Please be advised that visa requirements are subject to change and that visa procurement is the responsibility of the traveller and not On The Go Tours, therefore it is essential that you check current visa requirements with the embassy before travel. Please also ensure that your passport is valid for at least 6 months

from your planned date of departure from Africa.

UK, Ireland, Australian, New Zealand, USA and Canadian passport holders require a visa to enter Zimbabwe, these visas are available at the border for the following costs: Australian, New Zealand and US citizens: US \$30 single/\$45 double entry visa. British and Irish is US\$55 single/\$70 double. Canadians can only obtain a single entry visa at the border for US \$75. South African passport holders can obtain a visa for free. Visas can be brought using post 2003 US\$ notes, GB£ or South African Rand.

KAZA Visa

Zimbabwe and Zambia have re-introduced the popular, and much-awaited KAZA (Kavango-Zambezi) "Uni-Visa", which allows visitors to stay in either (or both) countries for up to 30 days for a single payment of US\$50.

The UniVisa is available at Harare, Victoria Falls, Lusaka and Livingstone International airports, the Victoria Falls land border (Zimbabwe/Zambia) and the Kazungula land border (Zimbabwe/Zambia/Botswana).

The border crossings we use in Zimbabwe include:

Kazungula (Botswana/Zimbabwe)

Vaccinations

Seek advice from your doctor or travel clinic at least six weeks prior to departure about what vaccinations you require. Typically the list includes typhoid, tetanus, diphtheria, polio, hepatitis A and B (for stays over 4 weeks).

In Zimbabwe a malarial risk exists from November to June in all areas below 1200m and throughout the year in the Zambezi Valley. We strongly recommend that you take your anti-malaria medication. Other precautionary measures to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

Yellow fever: A yellow fever vaccination certificate is required from travellers over one year of age coming from infected areas.

Currency

The Zimbabwean Dollar was abandoned in April 2009. The country has adopted a multi-currency scheme; the US Dollar and South African Rand can be used for domestic transactions.

Zimbabwe is essentially a cash-only society now with ATMs pretty useless for the foreigner. Credit cards only used in a handful of places, however all major hotels will now accept this payment. We recommend bringing enough cash to cover your stay in Zimbabwe (in either USD or ZAR) especially in the smaller denominations (US\$1-20 and ZAR10 - 200) as there is always a shortage of change and shopkeepers will often refuse larger bills. Please also be aware it is illegal to leave Zimbabwe with over \$1000 (or equivalent) in cash.

Zimbabwe introduced Bond Notes into circulation on 28 November 2017 which will be used alongside the US dollar and other currencies. These Bond Notes will be at a 1:1 parity with the US dollar. However, they are only legal tender within Zimbabwe and as such can only be used there. These Bond notes will be in \$2 and \$5 denominations and there will also be a new \$1 Bond coin.

Banking hours: Mon, Tues, Thurs, Fri - 0800-1500, Wed 0800-1300 and Sat - 0800-1130. In major towns/cities most banks have an ATM. American Express, Diners Club and Visa cards are widely accepted. Major foreign currencies can be exchanged at bureaux de change and banks at the official exchange rate. Please also be aware it is illegal to leave Zimbabwe with over \$1000 (or equivalent). As of June 2016 it is becoming increasingly difficult to withdraw money from ATMs in Zimbabwe. There is a cash limit of \$500 per day - however a lot of banks are not replenishing the ATMs. It is strongly advised that you bring enough money with you before you enter Zimbabwe and don't rely on getting any whilst there.

Climate

Although located in the tropics, temperate conditions prevail all year round in Zimbabwe as the climate is moderated by altitude and the inland position of the country.

Zimbabwe has a rainy season from November/December to March, during this time days are hot and sunny with possible afternoon thunderstorms. By April and May most of the rain is gone, skies are clear and days are sunny and warm. Night time temperatures drop dramatically between June and August although daytime temperatures remain pleasantly warm. Late August sees the start of the hot and dry season which continues until October.
