DETAILED ITINERARY

Day 1 : Johannesburg

Welcome to South Africa! You will be met upon arrival at Johannesburg Airport by our representative and transferred to your accommodation for your first night. At around 5pm there will be a pre-departure meeting where you'll meet your tour leader and your other travel companions. **Overnight - Johannesburg**

Days 2-3 : Kruger National Park

Johannesburg - Kruger. Departing Johannesburg head along the picturesque Panorama Route, a route steeped in history with breathtaking vistas. Our accommodation for the next two nights is perfectly situated with a variety of wildlife in close proximity. Hippo, giraffe, zebra and impala are regularly sighted nearby.

On day 3 we head out in to Kruger National park in search of the diverse and fascinating animals that inhabit this area. Covering an area of 19,485 square kilometres, Kruger National Park is one of the most famous national parks in the world. And for good reason - with over 146 mammal, 500 bird, 114 reptile and 33 amphibian species you're sure to see some incredible nature today. We'll also enjoy an evening game drive. During this you'll get the opportunity to witness the more nocturnal animals that might not be active during the day. **Overnight - Kruger National Park (B:2, L:2, D:2)**

Day 4 : Blyde River Canyon

Kruger - Polokwane - Blydepoort. Today we have a long but scenic drive from Kruger to the stunning Blyde River Canyon via the city of Polokwane. Polokwane is a major economic centre in the north-east of South Africa due to its close proximity to neighbouring countries

as well as Kruger National Park. Later we continue to Blyde River Canyon, along the way we stop off at some of the best scenery in South Africa, including the ever-striking God's Window. (Please note at each viewpoint you will be asked to pay a small fee to support the local community). **Overnight - Blyde River Canyon** (B, L, D)

Day 5 : Cross into Botswana

Blyde River Canyon - Palapye. Heading north this morning we reach the Botswana border. After the immigration formalities we continue to Palapye, a popular 'stopover' town which is located between the cities of Francistown and the capital Gabarone.

Botswana is one of the most economically stable countries in Africa and is one of the world's largest producers of diamonds. Roughly similar in size to France but with a population of only 2 million, Botswana is a sparsely populated country with some stunning and untouched wilderness. **Overnight - Palapye** (B, L)

Day 6 : Maun

Palapye - Maun. This morning we set off for Maun, the starting point for travel into the Okovango Delta. It's a long drive today through some impressive scenery. Arriving into Maun later today we will begin our preparations for the following day.

Overnight - Maun (B, L)

Day 7 : Okavango Delta

Maun - Okavango Delta. Today we rise early and head north to the Mokoro peler's station. Along the drive we'll see a number of local villages where families have lived in a traditional way for many years. Mokoros are dugout canoes manoeuvred through the waterways by local guides who "pole" them through the reeds. After a leisurely glide through the delta we reach our accommodation for the night. The afternoon and evening will offer the chance to relax with a cold drink or take a dip in the delta.

The Okavango Delta, travelling from the Angolan highlands, is the largest inland delta in the world and is studded with lushly vegetated

islands and unique bird life, with over 400 avian species. **Overnight - Okavango Delta** (B, L, D)

Day 8 : Maun

Okovango - Maun. This morning we have the opportunity to take a game walk through the delta before we take a mokoro ride back to our vehicle in time for lunch. From here there will be an optional scenic flight over the vast expanse of water (dependent on weather conditions & availability). This afternoon we continue back to Maun. **Overnight - Maun** (B)

Day 9 : Nata Region

Maun - Nata Region. Departing Maun we head east around the edge of the scarcely populated area of the Makgadikgadi Pan. One of the largest salt flats in the world it is the vast remains of an early super lake. This afternoon there will be the option of partaking in a salt pan drive. One of the world's few untouched wildernesses, the salt pans are vast and impressive. **Overnight - Nata** (B, L)

Day 10 : Chobe River Cruise

Nata Region - Kasane. We continue north this morning travelling to the town of Kasane and to our accommodation on the banks of the Chobe River. The Chobe River is a natural border which divides Botswana, Namibia and Zambia. Later we'll take a cruise up this mighty waterway - be on the look out for the local hippos hiding just below the surface.

As the main water source of the region, the river attracts an abundance of wildlife to its shores. Returning to our accommodation it's the perfect chance to spot any game who've made their way to the water whilst you enjoy a glorious African sunset this evening. **Overnight - Kasane** (B)

Day 11 : Victoria Falls

Kasane - Victoria Falls. This morning we make our way to the border into Zimbabwe. After completing border formalities we make our way to our accommodation at our final stop - Victoria Falls. The entrance to the falls is just a 20 minute walk away from our accommodation. At 1700m wide and around 100m high, this is the world's largest sheet of falling water and a memorable sight on any African safari!

The rest of the day is at leisure to explore Victoria Falls or simply relax by the pool. **Overnight - Victoria Falls** (B)

Day 12 : Victoria Falls

After breakfast, we exchange addresses and part ways, having just experienced a trip of a lifetime!(B)

About Overlanding

- To get the most out of your overland tour of Africa we highly suggest you read the 'About Overland Safaris' page on our website. It can be found under the Africa travel guide section on our website and is a comprehensive resource for understanding what to expect on an overland tour in Africa
- Overlanding is not considered a luxury holiday but is undoubtedly a lot of fun
- Africa is a vast continent and distances between the highlights we visit can be very far apart, but some early morning starts and late arrivals into camp will ensure that your time is maximised to see as many sights as possible
- We believe that a flexible approach to travel and good sense of humour are essential when undertaking overland safaris, although we trust that any hiccups in the itinerary will be resolved as soon as possible by our trusted partners

Please Note

This tour is operated in conjunction with our trusted partner and you will join travellers from different operators, not solely On The Go.

This itinerary should be used as a guide only and may vary from day to day depending on road & weather conditions, political situations and group decisions.

All prices & Local Payments are subject to change.

Due to Tourism Laws in some of the countries we visit, there may be a truck and crew change during the trip.

Kruger, Botswana and Falls

Accommodation

During this tour you'll stay in a mixture of 2-4 star hotels, permanent tented camps as well as some fixed camping tents. All accommodation will have fixed beds and you won't be required to erect any tents. Your accommodation during your trip will have a mixture of en-suite and shared washroom facilities.

For your excursion into the Okovango Delta accommodation will be provided in mobile tented camps and therefore during this night may be a little more basic than other accommodation during the tour.

Things To Bring

- A rucksack/back pack is the best luggage to bring as your main bag
- For extra comfort, bring a travel pillow
- A towel
- Spare camera batteries/film and dustbag
- Mosquito spray (with active DEET ingredient)
- Your own personal first aid kit
- A torch
- A small daypack for your day-to-day needs.
- Antibacterial wipes
- A photocopy of your passport data pages
- Your Yellow Fever Vaccination Certificate
- Your travel insurance policy details
- Hat, sunglasses & sunscreen
- Warm clothing - raincoat, warm hat, socks, gloves etc as across Africa wet/dry and hot/cool climatic periods change invariably.

Transport on Tour

Our overland vehicles are custom built converted Mercedes Benz or MAN trucks that have seating

space for our passengers and a storage areas for luggage and all trip equipment. The trucks seat between 27-30 passengers on our camping trips. Most seats are forward facing, though some models have a combination of forward, backward and some inward facing seats with tables. Vehicles have sliding glass windows, and the seating area is raised providing a great advantage for game viewing and photography. Seats are cushioned and there is storage space for personal items like cameras, snacks and day packs in the seating area.

Meals on Tour

Meals and menus vary as food is purchased en-route, and is subject to produce that is available seasonally in the areas we travel through. As we support the local communities along the way, fresh produce is mostly purchased direct from the producer or local grower and therefore has an organic appearance. Our safari cooks are able to offer a wide variety of menus with the ingredients available, even if the produce on offer is not of the same selection as what you may be used to back home. The breakfast spread consists of bread (toast when time allows), spreads and cereals with a hot breakfast every few days. Lunches are mostly prepared en-route with a supply of 'build your own' sandwich ingredients available. Dinners (when included) are cooked in the evenings on arrival at the campsite. A wide array of dinner menus are on offer during your safari, consisting of curries, stews, pastas, BBQs and even roasts!

On certain days lunch and dinner is not included and will need to be paid for at your own expense. Please check your itinerary for the day by day meal inclusions.

Participation on Tour

All of our overland safaris are participation trips meaning that all passengers are expected to help out around camp. The crew members running the trip will set up a rota system that will be followed. One day you may be on cleaning duty, the next day you may be on cooking duty and so forth. This is not only to make the trip easier for all involved but also for you as the passengers to get to know one another while on trip.

Budgeting

Africa is not as cheap as many people believe and we recommend that you budget between US \$50-70 per day for expenses such as drinks, snacks and curios. Budget more if you plan on buying a lot of souvenirs and budget for your optional excursions and visas separately.

KNOW BEFORE YOU GO

Passports & Visas

Please ensure that you have at least two blank pages in your passport, plus an additional blank page for each visa/African country you are visiting.

If travelling on one of our longer overland safaris we recommend that you have at least 12 blank pages in your passport.

Please also note that your passport must be valid for a minimum of six months from the end date of your trip.

Any visa information provided in this document is for general guidance purposes only, visa requirements and fees are subject to change. It is essential that you check current entry requirements with each relevant embassy/consulate prior to departure. Visa procurement is the responsibility of the traveller and not of On The Go.

Booking Your Flights

When booking your departure flight you should allow time at the end of your African safari for any unexpected delays. We recommend that you book your onward flight no earlier than 24 hours after the end of your safari. In the case of our longer overland camping safaris (22 days or more) we advise against making any firm arrangements for at least 48 hours after the scheduled departure date. We can help to arrange post tour accommodation upon request.

Allergies/Likes/Dislikes

Whilst all will do to accommodate everyone, sometimes the choice available is limited as your cook may be making the best of very limited availability, so some flexibility may be required when encountering something you're not particularly fond of or have chosen not to eat as a lifestyle choice. Should you possess allergies which will result in a medical emergency or a life threatening situation then please ensure you speak to your cook on arrival so you can discuss the options available whilst en-route. This will ensure also that they are fully aware of what you can or cannot eat and make adjustments.

embassy before travel. Please also ensure that your passport is valid for at least 6 months from your planned date of departure from Africa.

UK, Ireland, Australian, New Zealand, USA, Canadian and South African citizens do not require a visa for entrance into Botswana.

The few countries that do require visas; mostly Eastern European and Asian Nationals, need to obtain them prior to arrival at the border. Visas are not issued at Botswana ports of entry, if you arrive without a visa, immigration officials will refuse you entry to Botswana.

The border crossings we use in Botswana include:

Muhembo (Botswana/Namibia border)

Kazangula (Botswana/Zimbabwe or Zambia border)

Groblersberg/Martin's Drift (South Africa/Botswana)

Botswana Tourism Levy from 1st June 2017 - postponed until further notice

From the 1st June 2017 a tourism levy of \$30USD is payable when entering Botswana. Payment is taken at the border in US dollars cash, debit or credit card. The Levy is valid for a 30 day period and can be used for multiple entry.

Please note this Levy has been postponed until further notice.

Vaccinations

You should seek medical advice before travelling to Botswana from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Polio, Diphtheria, Hepatitis A and Tetanus is strongly recommended. Rabies may also be recommended.

There is the risk of malaria in certain areas of Botswana so it is very important to check with your doctor before you go, to see whether malarial medication is required for the areas you are visiting. A valid Yellow Fever vaccination certificate is also required if travelling into Botswana and you have previously been in an infected country.

Currency & Banking

The currency of Botswana is the Botswana Pulas (BWP) 1 Pula = 100 Thebe. Notes are in denominations of BWP10, 20, 50 and 100.

Coins are in denominations of BWP1, 50, 25, 10, 5, 1.

There are no restrictions on the import of local or foreign currencies, provided they are declared on arrival. Export of local currency is limited to BWP50 and foreign currencies up to the amount declared on arrival. It is easy to change most forms of currency including US\$, GB£, Euros and South African Rand. The best place to change money in Botswana is the bureau de changes as banks charge commission to change either cash or travellers cheques. ATMs are available in all main towns, cities, shopping centres and most petrol stations. MasterCard, Visa, American Express and Diners Club are all widely accepted. Travellers cheques should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Proof of identity may be requested in some instances, so it's useful to carry a passport or some form of photo identification. In large cities travellers cheques can incur a high surcharge.

Banking hours: Mon-Fri 0900-1530, Sat 0830-1100.

Time & Voltage

Time Zone - Botswana is 2 hours ahead of GMT. Daylight saving time is not observed.

The standard voltage is 220 - 240V. Primary sockets require a 'Type M' - South African, electrical plug which has three thick circular pins. You will need a voltage converter, and plug adapter in order to use U.S. appliances.

Climate

Botswana's climate is mainly temperate. During the summer months (October-April) the weather can be very hot with daytime temperatures of around 30 Celsius and higher. The rainy season (typically lasting from January to March) can be hot with temperatures still in the mid 30's and only dropping to around the mid 20's overnight. Winter (May-September) brings a cool change yet is still reasonably warm and mostly pleasant with an average temperature of around 25°C. Early

mornings and evenings may be cold and frosty especially in the Kalahari region. The amount of rainfall decreases the further you travel west or southwards during the winter and rainy season months.

Travelling with children in Botswana

The Ministry of Nationality, Immigration and Gender Affairs informs the general public that it has imposed requirements for minors (children under 18) travelling through the country's ports of entry.

Effective from the 1st October 2016 minors travelling through the country's borders will be required to produce certified copies of unabridged birth certificates in addition to their valid passports. In the event that one parent is not travelling with the child, the other parent's affidavit consenting to such travel should be availed. However, an affidavit will not be required if the father's name does not appear on the child's birth certificate."

To summarise the above, should families be travelling with children below the age of 18 they will require the following:

- Valid Passports
- Certified unabridged birth certificates for all minors below the age of 18
- An Affidavit signed by the non-travelling parent should the minor be travelling with one parent.

Unfortunately these regulations are very strict therefore we urge all parents travelling to Africa with their children to contact all relevant embassies well prior to departure to ensure they have the correct documentation as if you do not, there is a high chance you will be denied entry.

South Africa Country Guide

Visas

Please be advised that visa requirements are subject to change and that visa procurement is the responsibility of the traveller and not On The Go Tours, therefore it is essential that you check current visa requirements with the embassy before travel. Please also ensure that your passport is valid for at least 6 months from your planned date of departure from Africa.

Kruger, Botswana and Falls

UK, Australian, USA and Canadian citizens do not require a tourist visa for South Africa for stays of up to 90 days.

Since 16th January 2017 all New Zealand passport holders have been required to obtain a visa prior to travelling to South Africa. New Zealanders arriving in South Africa on or after 16th January 2017 should ensure they have the correct visa.

Nationalities who don't require a visa are able to get an entry stamp at the border on entering South Africa. Please contact your local South African embassy to find out if you require a visa prior to entering SA. If you are subject to visa requirements, you must apply and receive your visa before your departure for South Africa, visas are not issued at South African ports of entry.

The border crossings we use in South Africa include:

Noordoeuw (South Africa/Namibia border)
Groblersberg/Martin's Drift (South Africa/Botswana)
Lebombo (South Africa/Mozambique)
Oshoek (Swaziland/South Africa)

Under 18s Travelling To Or Through South Africa

Parents travelling with children (under 18) into or out of South Africa, or transiting in South Africa will be asked to show the child's unabridged (full) birth certificate which lists the child's details and both parents' details. The abridged (short) birth certificate which only lists the child's details won't be accepted. Uncertified copies of birth certificates or copies of the parents/guardians identification will not be accepted. A parental consent affidavit (PCA) must have a certified copy of the parent's/guardian's identification (ie passport) attached to it.

Where only one parent is accompanying a child, parental or legal consent for the child to travel (eg an affidavit from the other parent or – if applicable – a death certificate) is required and there are other requirements for children travelling unaccompanied or with adults who are not their parents.

If you are travelling with children (under 18) it is essential that you contact the South African High Commission or the South African Department of Home Affairs for further information relating to these regulations. If you do not carry the correct documentation you will not be allowed to enter the country. Obtaining the correct paperwork is the responsibility of the traveller and not On The Go Tours.

Health & Vaccinations

You should seek medical advice before travelling to South Africa from your local health practitioner and ensure that all you receive all of the appropriate vaccinations. As a guide tetanus, diphtheria, polio, hepatitis A (for stays over 4 weeks) and hepatitis B (for stays over 3 months) are recommended.

A yellow fever vaccination certificate is required from travellers over one, coming from infected areas.

A low malaria risk occurs in northern parts of Mpumalanga (as well as Kruger National park, northern and northeastern parts of KwaZulu-Natal). If travelling to these regions and/or the countries north of South Africa, where there is a high malaria risk, we strongly recommend that you take anti-malaria medication. Precautionary measures to take to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

Currency

The currency in South Africa is Rand (ZAR; symbol R)

1 Rand = 100 cents. Notes are in denominations of R200, 100, 50, 20 and 10. Coins are in denominations of R5, 2 and 1, and 50, 20, 10 and 5 cents.

Obtaining local currency within South Africa is very easy. ATMs are widely accessible and very reliable and offer the best rates of exchange. International credit cards are accepted in almost all shops, restaurants, hotels and game reserves.

Bureau de changes offer a quick and commission free service but are only found in the main centres such as Cape Town

and Johannesburg. Travellers cheques can be changed at banks. These should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Please note that proof of identity may be requested in some instances, so it's useful to carry a passport or some form of photo identification. Travellers cheques can be difficult to exchange and tend to attract high commission fees.

Banking hours: Mon-Fri 0900-1530, Sat 0830-1100.

Rand can be used in Botswana, Namibia and South Africa, so if you are travelling on one of our overland safaris ample money for these three countries can be obtained prior to beginning your trip in Cape Town or Johannesburg. The Rand and Namibian dollar are tied to each other on an equal level and can be used interchangeably in Namibia. The Rand can also be easily converted to Pula in Botswana at good rates.

Time & Voltage

Time Zone - South Africa is 2 hours ahead of GMT. Daylight saving time is not observed

Standard voltage is 220-230V. Primary sockets require a 'Type M' - South African, electrical plug which has three thick circular pins. You will need a voltage converter, and plug adapter in order to use U.S. appliances.

Climate

Climatic conditions generally range from Mediterranean in the south western corner of the country to temperate in the interior plateau, and subtropical in the northeast. A small area in the northwest has a desert climate. Most of the country has warm, sunny days and cool nights. Rainfall generally occurs during summer (November-March), although in the southwest, around Cape Town, rainfall occurs in winter (from June-August). Temperatures are influenced by variations in elevation, terrain, and ocean currents.

Kruger, Botswana and Falls

is the responsibility of the traveller and not On The Go Tours, therefore it is essential that you check current visa requirements with the embassy before travel. Please also ensure that your passport is valid for at least 6 months from your planned date of departure from Africa.

UK, Ireland, Australian, New Zealand, USA and Canadian passport holders require a visa to enter Zimbabwe, these visas are available at the border for the following costs: Australian, New Zealand and US citizens: US\$30 single/\$45 double entry visa. British and Irish is US\$55 single/\$70 double. Canadians can only obtain a single entry visa at the border for US \$75. South African passport holders can obtain a visa for free. Visas can be brought using post 2003 US\$ notes, GB£ or South African Rand.

KAZA Visa

Zimbabwe and Zambia have re-introduced the popular, and much-awaited KAZA (Kavango-Zambezi) "Uni-Visa", which allows visitors to stay in either (or both) countries for up to 30 days for a single payment of US\$50.

The UniVisa is available at Harare, Victoria Falls, Lusaka and Livingstone International airports, the Victoria Falls land border (Zimbabwe/Zambia) and the Kazungula land border (Zimbabwe/Zambia/Botswana).

The border crossings we use in Zimbabwe include:

Kazungula (Botswana/Zimbabwe)

Vaccinations

Seek advice from your doctor or travel clinic at least six weeks prior to departure about what vaccinations you require. Typically the list includes typhoid, tetanus, diphtheria, polio, hepatitis A and B (for stays over 4 weeks).

In Zimbabwe a malarial risk exists from November to June in all areas below 1200m and throughout the year in the Zambezi Valley. We strongly recommend that you take your anti-malaria medication. Other precautionary measures to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long

sleeve clothing and long trousers in the evenings.

Yellow fever: A yellow fever vaccination certificate is required from travellers over one year of age coming from infected areas.

Currency

The Zimbabwean Dollar was abandoned in April 2009. The country has adopted a multi-currency scheme; the US Dollar and South African Rand can be used for domestic transactions.

Zimbabwe is essentially a cash-only society now with ATMs pretty useless for the foreigner and credit cards only used in a handful of places. We recommend bringing enough cash to cover your stay in Zimbabwe (in either USD or ZAR) especially in the smaller denominations (US \$1-20 and ZAR10 - 200) as there is always a shortage of change and shopkeepers will often refuse larger bills. Please also be aware it is illegal to leave Zimbabwe with over \$1000 (or equivalent) in cash.

Zimbabwe introduced Bond Notes into circulation on 28 November 2017 which will be used alongside the US dollar and other currencies. These Bond Notes will be at a 1:1 parity with the US dollar. However, they are only legal tender within Zimbabwe and as such can only be used there. These Bond notes will be in \$2 and \$5 denominations and there will also be a new \$1 Bond coin.

Banking hours: Mon, Tues, Thurs, Fri - 0800-1500 , Wed 0800-1300 and Sat - 0800-1130. In major towns/cities most banks have an ATM. American Express, Diners Club and Visa cards are widely accepted. Major foreign currencies can be exchanged at bureaux de change and banks at the official exchange rate. Please also be aware it is illegal to leave Zimbabwe with over \$1000 (or equivalent). As of June 2016 it is becoming increasingly difficult to withdraw money from ATMs in Zimbabwe. There is a cash limit of \$500 per day - however a lot of banks are not replenishing the ATMs. It is strongly advised that you bring enough money with you before you enter Zimbabwe and don't rely on getting any whilst there.

Travellers cheques are accepted at banks, these should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Most banks will want to see your passport and proof of purchase receipt before cashing your travellers cheques. Please Note: Travellers cheques can be difficult to cash so do not rely upon them as your sole source of funds.

Time & Voltage

Standard voltage is 220-240V. Primary sockets require a 'Type G' - British plug, or 'Type D' - old English plug or Indian plug. You will need a voltage converter and plug adapter in order to use U.S. appliances.

Zimbabwe is 2 hours ahead of GMT. Daylight saving time is not observed.

Climate

Although located in the tropics, temperate conditions prevail all year round in Zimbabwe as the climate is moderated by altitude and the inland position of the country.

Zimbabwe has a rainy season from November/December to March, during this time days are hot and sunny with possible afternoon thunderstorms. By April and May most of the rain is gone, skies are clear and days are sunny and warm. Night time temperatures drop dramatically between June and August although daytime temperatures remain pleasantly warm. Late August sees the start of the hot and dry season which continues until October.

Zambian Airport Departure Tax

NOTES FOR THOSE FLYING OUT OF LIVINGSTONE AIRPORT IN ZAMBIA

An airport departure tax is in place for all flights departing from Zambian airports. It will no longer be included on the ticket and will now be collected in Zambian Kwacha cash direct from the passenger. The amount payable is currently K28,000 for Domestic Flights and K56,000 for International Flights and is payable on departure from all Zambian airports. Passengers need to have ZMK cash available for this tax. Please note, departure taxes are subject to change.
