DETAILED ITINERARY

Day 1 : Zanzibar – Stone Town

Arrive into Zanzibar Airport/Harbour. Upon arrival you will be transferred to the heart of Stone Town where your hotel is located.

Zanzibar has a rich history and it became a centre of trade once it was settled by the Portuguese in the 16th and 17th Century. Zanzibar once held the title of being Africa's major hub of trade before the mainland became more settled and tamed (if Africa could ever be considered tamed). Zanzibar is also known as the 'Spice Island' due to this period when spice was its major trade followed closely by the slave trade and ivory. Zanzibar still today flourishes with the trade of spices, its most common exports being cloves, nutmeg, cinnamon and pepper.

Day 2 : Stone Town & Spice Tour

This morning you will be met by a local guide and taken on a guided tour of historic Stone Town and a spice plantation en-route to the beach. You will get the opportunity to see a spice plantation and the process involved in harvesting these perfumed ingredients. Today we take spices for granted but they were once as precious as gems or gold with pirates often cruising the coast pilfering ships for their precious spice cargo. Once you've checked into your hotel, spend the rest of the day at leisure and perhaps enjoy a dip in

the warm waters of the Indian Ocean.

Overnight - Jambiani or Nungwi (dependent on your chosen package) (B, D)

Days 3-4 : Relax on the beach

Spend the next two days at leisure, relaxing on one of Zanzibar's beautiful white sands and soaking up the sunshine.

For those feeling active, there's a wide range of excursions available. Perhaps opt for a spot of snorkelling or scuba diving to see the incredible coral reefs teeming with exotic fish and perhaps the odd dolphin in the azure waters. Other activities in or above the water include fishing, windsurfing or various boat trips. Traditional dhow cruises are offered by the locals and are a great way to see the local lifestyle or island hop to some of the smaller uninhabited islands. Also consider a day trip to Jozani Chwaka Bay national Park - home to the rare Kirk's Red Colobus Monkey, Syke's Monkey and Ader's Duiker. **Overnight - Jambiani or Nungwi (dependent on your chosen package) (B:2, D:2)**

Day 5 : Zanzibar

This morning you will be met by your driver and driven to Zanzibar Airport for your flight home. (B)

Tanzania Country Guide

Vaccinations

You should seek medical advice before travelling to Tanzania from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Polio, Diphtheria, Hepatitis A & B, Typhoid and Tetanus is strongly recommended. Meningitis and Rabies are also recommended.

There is the risk of malaria in Tanzania so it is very important to check with your doctor before you go, to see whether malarial medication is required for the areas you are visiting. A Yellow Fever International Certificate of Vaccination is required from travellers over one, arriving from countries infected with yellow fever or who were in transit through infected areas (unless they remained onboard or at the airport); this is particularly relevant if traveling from neighbouring African countries. If visiting Zanzibar from mainland Tanzania, a yellow fever certificate must be produced to gain entry.

Plastic Bag Ban

Effective 1st June 2019: All passengers arriving at any Tanzania airport

including tourists can possibly face very heavy fines for using plastic bags in any way, shape or form. Using, manufacture or importation of plastic bags, including garbage bags and shopping bags is illegal. Offenders, including tourists, could face very heavy fines.

Visitors/Citizens and Residents alike are advised to avoid packing any plastic bags in their suitcases or in carry-on hand luggage before flying to Tanzania. Items purchased at the airport before boarding the aircraft should be removed from plastic bags. Please check hand luggage before disembarking at entry points and any plastic bags should be left in the plane. Similarly the transparent "zip-lock" plastic bags that some airlines require passengers to use for keeping liquids, cosmetics, toiletries etc separately in hand luggage are also not permitted to be brought and should be removed and left on the plane before disembarking.

Currency

The currency of Tanzania is the Tanzanian Shilling (code TZS, symbol TSh).

1 TSh = 100 cents. Notes are in denominations of TSh10,000, 5000, 2,000, 1,000 and 500. Coins are in denominations of TSh200, 100, 50, 20 and 10.

The Tanzanian Shilling is non exportable or importable. You can exchange US Dollars, Pound Sterling or Euro cash at bureau de changes or banks in larger towns/cities. Cash is changed with no commission. Exchange rates vary depending upon the denomination of the note that you want to change and generally smaller notes attract a lower exchange rate than high ones. Be aware that old pre-2010 US\$ banknotes or torn or marked banknotes are difficult to exchange in Africa so make sure you take crisp new notes. Alternatively most large towns/cities have an ATM where cash can be

withdrawn using Visa or MasterCard. Credit cards are very rarely accepted for making purchases.

Banking hours: Mon-Fri 0830-1230; Sat 0830-1300. Bureaux de change have longer hours and in the cities open on Sundays.

Travellers cheques are more difficult to change and require proof of purchase and often have restrictions of about US \$100 a day maximum. Please note that there is a surcharge when paying by travellers cheques.

Time & Voltage

Tanzania Time Zone - 3 hours ahead of GMT. Daylight saving time is not observed.

Standard voltage is 220-240V. Primary sockets require a Type G British BS-1363 or Type D Indian BS-546 type, three pin plug. You will need a voltage converter, and plug adapter in order to use U.S. appliances. We recommend getting a universal adapter.

Climate

Tanzania is sunny and tropical (accept in the mountain regions). Given the sheer size of the country, the climate varies dramatically in different regions. In coastal regions and on the islands of Zanzibar and Pemba it is hot and humid year-round with higher rainfall, whilst inland, the central plateau is dry and hot and the north-western highlands are cooler. The long rains occur between mid-March and the end of May and there are also short, lighter rains during November and December. The driest months are June to October.
