Days 2-3 : Kruger National Park

Jo'burg – Kruger. Leaving Johannesburg, we pass through the southern section of the picturesque Panorama Route, taking in the breath-taking vistas. Our camp for the next two nights is a short drive from the Kruger Park Gate and has some interesting local residents that include hippo, giraffe, zebra and impala. On arrival to the camp we enjoy an evening game drive.

On day 3 we continue to explore the amazing Kruger National Park in our overland truck. Covering 19 485 km² - 60 km wide and over 350 km long, this conservation area has more than 146 mammals, 500 bird, 114 reptile, 33 amphibian & 49 fish species. 23 000 different types of plants have been recorded. We spend the day driving around the park keeping an eye out for these incredible species. There is the option of enjoying a night drive looking for a few of the nocturnal inhabitants or upgrading to a small vehicle for the game drive at an additional cost.

Day 4 : Blydepoort

Maun - Polokwane. Heading out early, we have a fairly long drive today to Polokwane, stopping see at the impressive Blyde River Canyon. Named for the Blyde River that runs through it, the canyon is 26km long, and averages 800m deep and forms the northern edge of the impressive Drakensberg Mountain Range. It is classified as a 'green canyon' due to the uncommon occurrence of vegetation that lines it (uncommon as

most canyons are in desert areas and are fairly barren). The main viewpoints along the canyon are the 3 Rondavels, named for the shape of the traditional huts or houses the indigenous people of the area used to live in; and Gods Window that affords a breathtaking view across the canyon and surrounding area.

Please note that there is a small entry fee at each of these attractions that will need to be paid upon arrival. The money generated goes toward the support of the local communities. There are also many locals you sell their local crafts in this area.

Optional Activity: Blyde River Canyon

Please note: If you booked before 1st October 2019 date then the cost of entrance to Blyde River Canyon and God's Window are included. For bookings made after 1st October 2019 the cost of these excursions need to be paid locally.

Arriving to the town of Masvingo, our stop for the night, we then head out to explore the Great Zimbabwe Ruins. According to legend these ruins were the capital of the Queen of Sheba and were inhabited by the Bantu civilization of the Shona between the 11th and 15th century. You'll have an opportunity to explore these incredible ruins, including the 8 statues of stone birds carefully carved from soapstone, before setting up camp at the foot of the hills.

Perhaps visit the Natural History Museum, the National Arts Gallery or the Mzilikazi Arts and Crafts Centre. **Overnight - Bulawayo** (B, L, D)

Day 8 : Matobo National Park

Leaving our camp, we head for Matobo National Park, one of the few remaining areas in the world inhabited with both Black and White Rhino. We'll enjoy the morning exploring this fascinating and often unique geological, ecological and historic area which boasts a high concentration of the elusive leopard and impressive black eagle. The ancient San inhabitants of this area are also evidenced by some incredible rock paintings located within the national park. Later we return to our campsite near Bulawayo where the rest of the day is at leisure.

Included Activity: Visit to Matobo National Park

Overnight - Bulawayo (B, L, D)

Day 11 : Victoria Falls

Hwange National Park - Victoria Falls. This morning we continue to Victoria Falls. Named after the famous World Heritage site and Water Falls, the town of Victoria Falls is situated on the Zambezi River and surrounded by the Victoria Falls National Park. Our campsite is conveniently situated in the centre of town, and within walking distance of the adventure booking agents, restaurants and shops.

A 20 minute walk down the main road takes you to the entry point to view the falls, which are situated between Zimbabwe and Zambia. Victoria Falls, or Mosi-oa-Tunya (the Smoke that Thunders), was named by David Livingstone on his explorations, and is one of the Seven Natural Wonders of the World.

At 1700 m wide and around 100 m high, this is the world's largest sheet of falling water and a memorable sight on any African Safari! After our adventure activities briefing (see price guide at the end of this document for options), the afternoon is spent relaxing at the campsite's swimming pool, viewing the Victoria Falls, or exploring the many sights and delights of this town!

Included activity: Entry into Victoria Falls NP. For optional Activities - see below
Overnight - Victoria Falls (B, L)

Day 12 : Victoria Falls

Saturday. After breakfast, we exchange addresses and part ways, having just experienced a trip of a lifetime! We suggest booking additional days after your trip to take advantage of the optional excursions available at Victoria Falls.

Optional excursions include horseback safaris, a visit to the crocodile ranch, boat cruises and golf at The Elephant Hills Resort. Adrenalin junkies can bungee from the Victoria Falls Bridge connecting Zimbabwe and Zambia or abseil down the Batoka Gorge - neither activity is for the faint hearted! All year round, flights in fixed wing, micro light and ultra light aircraft or helicopters provide an aerial perspective over this magnificent World Heritage Site. White water rafting on the Zambezi is world class. Beside the excitement of the Grade 5 rapids, there are the "floats," where there is time to admire the scenic cliffs and the occasional wildlife on the riverbanks. (B)

About Overlanding

- To get the most out of your overland tour of Africa we highly suggest you read the 'About Overland Safaris' page on our website. It can be found under the Africa travel guide section on our website and is a comprehensive resource for understanding what to expect on an overland tour in Africa
- Overlanding is not considered a luxury holiday but is undoubtedly a lot of fun if camping under the stars and being part of an entirely self-sufficient travelling group is to your liking
- Africa is a vast continent and distances between the highlights we visit can be very far apart, but some early morning starts and late arrivals into camp will ensure that your time is maximised to see as many sights as possible
- We believe that a flexible approach to travel and good sense of humour are essential when undertaking overland safaris, although we trust that any hiccups in the itinerary will be resolved as soon as possible by our trusted partners

Tour Leaders and Groups

Our longest Overland Camping Safari we offer is our Great African Expedition - 57 Days, generally all other safaris we offer are sectors of this larger safari or similarly a fragment of one of the another safari's we offer. As such, on your holiday you may have travellers join you part way through your safari and also there may be travellers who end their safari when you continue on. There may also be

times when there is a change of crew and truck (changed to suit group size or local road conditions).

Please Note

This tour is operated in conjunction with our trusted partner and you will join travellers from different operators, not solely On The Go.

This itinerary should be used as a guide only and may vary from day to day depending on road & weather conditions, political situations and group decisions.

All prices & Local Payments are subject to change.

Due to Tourism Laws in some of the countries we visit, there may be a truck and crew change during the trip.

Family Friendly Departures

Parents with children and teens aged 6 to 17 are welcome on select Falls to Jo'burg departure dates. Children under 12 get 5% off the trip price but there is no reduction to the local payment.

IMPORTANT, PLEASE NOTE: A South African regulation aimed at fighting child trafficking came into effect in June 2015. Please read the 'Travelling with Children to/through South Africa' information in these trip notes for details.

Who's on tour?

People from all over decide that the back to basics and close-up approach to viewing Africa is for them – from Canada to New Zealand to Singapore and the UK. Generally people are 30-50yrs, easy going and happy to participate. They have a love of camping and as some days are long, don't mind a drive. Whilst the truck is purpose built and ideal for this style of safari, for those who require more comfort we suggest you opt for one of our lodge safaris.

Things To Bring

- A rucksack/back pack is the best luggage to bring as your main bag
- A sleeping bag
- For extra comfort, bring a travel pillow

- A towel
- Spare camera batteries/film and dustbag
- Mosquito spray (with active DEET ingredient)
- Your own personal first aid kit
- A torch
- A small daypack for your day-to-day needs.
- Antibacterial wipes
- A photocopy of your passport data pages
- Your Yellow Fever Vaccination Certificate
- Your travel insurance policy details
- Hat, sunglasses & sunscreen
- Warm clothing - raincoat, warm hat, socks, gloves etc as across Africa wet/dry and hot/cool climatic periods change invariably.

Transport on Tour

Our overland vehicles are custom built converted Mercedes Benz or MAN trucks that have seating space for our passengers and a storage areas for luggage and all trip equipment. The trucks seat

between 27-30 passengers on our camping trips. Most seats are forward facing, though some models have a combination of forward, backward and some inward facing seats with tables. There is no air-conditioning on board, instead vehicles have sliding glass windows, and the seating area is raised providing a great advantage for game viewing and photography. Seats are cushioned and there is storage space for personal items like cameras, snacks and day packs in the seating area.

Meals on Tour

Meals and menus vary as food is purchased en-route, and is subject to produce that is available seasonally in the areas we travel through. As we support the local communities along the way, fresh produce is mostly purchased direct from the producer or local grower and therefore has an organic appearance. Our safari cooks are able to offer a wide variety of menus with the ingredients available, even if the produce on offer is not of the same selection as what you may be used to back home. The breakfast spread consists of bread (toast when time allows), spreads and cereals with a hot breakfast every few days. Lunches are mostly prepared en-route with a supply of 'build your own' sandwich

ingredients available. Dinners are cooked in the evenings on arrival at the campsite. A wide array of dinner menus are on offer during your safari, consisting of curries, stews, pastas, BBQs and even roasts!

Participation on Tour

All of our overland safaris are participation trips meaning that all passengers are expected to help out around camp. The crew members running the trip will set up a rota system that will be followed. One day you may be on cleaning duty, the next day you may be on cooking duty and so forth. This is not only to make the trip easier for all involved but also for you as the passengers to get to know one another while on trip.

Budgeting

Africa is not as cheap as many people believe and we recommend that you budget between US \$50-70 per day for expenses such as drinks, snacks and curios. Budget more if you plan on buying a lot of souvenirs and budget for your optional excursions and visas separately.

KNOW BEFORE YOU GO

Passports & visas

Please ensure that you have at least two blank pages in your passport, plus an additional blank page for each visa/African country you are visiting. If travelling on one of our longer overland safaris we recommend that you have at least 12 blank pages in your passport.

Please also note that your passport must be valid for a minimum of six months from the end date of your trip.

Any visa information provided in this document is for general guidance purposes only, visa requirements and fees are subject to change. It is essential that you check current entry requirements with each relevant embassy/consulate prior to departure. Visa procurement is the responsibility of the traveller and not of On The Go.

Booking your flights

When booking your departure flight you should allow time at the end of your African safari for any unexpected delays.

We recommend that you book your onward flight no earlier than 24 hours after the end of your safari. In the case of our longer overland camping safaris (22 days or more) we advise against making any firm arrangements for at least 48 hours after the scheduled departure date. Your tour leader can help to arrange post tour accommodation locally upon request.

Allergies/likes/dislikes

Whilst all will be done to accommodate everyone, sometimes the choice available is limited as your cook may be making the best of very limited availability, so some flexibility may be required when encountering something you're not particularly fond of or have chosen not to eat as a lifestyle choice. Should you possess allergies which will result in a medical emergency or a life threatening situation then please ensure you speak to your cook on arrival so you can discuss the options available whilst en-route. This will ensure also that they are fully aware of what you can or cannot eat and make adjustments.

health practitioner and ensure that all you receive all of the appropriate vaccinations. As a guide tetanus, diphtheria, polio, hepatitis A (for stays over 4 weeks) and hepatitis B (for stays over 3 months) are recommended.

A yellow fever vaccination certificate is required from travellers over one, coming from infected areas.

A low malaria risk occurs in northern parts of Mpumalanga (as well as Kruger National park, northern and northeastern parts of KwaZulu-Natal). If travelling to these regions and/or the countries north of South Africa, where there is a high malaria risk, we strongly recommend that you take anti-malaria medication. Precautionary measures to take to prevent contact with mosquitoes include: insect repellent, cover up at sundown, sleep under a mosquito net and wear long sleeve clothing and long trousers in the evenings.

Currency

The currency in South Africa is Rand (ZAR; symbol R)

1 Rand = 100 cents. Notes are in denominations of R200, 100, 50, 20 and 10. Coins are in denominations of R5, 2 and 1, and 50, 20, 10 and 5 cents.

Obtaining local currency within South Africa is very easy. ATMs are widely accessible and very reliable and offer the best rates of exchange. International credit cards are accepted in almost all shops, restaurants, hotels and game reserves.

Bureau de changes offer a quick and commission free service but are only found in the main centres such as Cape Town and Johannesburg. Travellers cheques can be changed at banks. These should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Please note that proof of identity may be requested in some instances, so it's useful to carry a passport or some form of photo identification. Travellers cheques can be difficult to exchange and tend to attract high commission fees.

Banking hours: Mon-Fri 0900-1530, Sat 0830-1100.

Rand can be used in Botswana, Namibia and South Africa, so if you are travelling on one of our overland safaris ample money for these three countries can be obtained prior to beginning your trip in Cape Town or Johannesburg. The Rand and Namibian dollar are tied to each other on an equal level and can be used interchangeably in Namibia. The Rand can also be easily converted to Pula in Botswana at good rates.

Time & Voltage

Time Zone - South Africa is 2 hours ahead of GMT. Daylight saving time is not observed

Standard voltage is 220-230V. Primary sockets require a 'Type M' - South African, electrical plug which has three thick circular pins. You will need a voltage converter, and plug adapter in order to use U.S. appliances.

Climate

Climatic conditions generally range from Mediterranean in the south western corner of the country to temperate in the interior plateau, and subtropical in the northeast. A small area in the northwest has a desert climate. Most of the country has warm, sunny days and cool nights. Rainfall generally occurs during summer (November-March), although in the southwest, around Cape Town, rainfall occurs in winter (from June-August). Temperatures are influenced by variations in elevation, terrain, and ocean currents.

Jo'burg to Falls

African Rand can be used for domestic transactions.

Zimbabwe is essentially a cash-only society now with ATMs pretty useless for the foreigner. Credit cards only used in a handful of places, however all major hotels will now accept this payment. We recommend bringing enough cash to cover your stay in Zimbabwe (in either USD or ZAR) especially in the smaller denominations (US\$1-20 and ZAR10 - 200) as there is always a shortage of change and shopkeepers will often refuse larger bills. Please also be aware it is illegal to leave Zimbabwe with over \$1000 (or equivalent) in cash.

Zimbabwe introduced Bond Notes into circulation on 28 November 2017 which will be used alongside the US dollar and other currencies. These Bond Notes will be at a 1:1 parity with the US dollar. However, they are only legal tender within Zimbabwe and as such can only be used there. These Bond notes will be in \$2 and \$5 denominations and there will also be a new \$1 Bond coin.

Banking hours: Mon, Tues, Thurs, Fri - 0800-1500 , Wed 0800-1300 and Sat - 0800-1130. In major towns/cities most banks have an ATM. American Express, Diners Club and Visa cards are widely accepted. Major foreign currencies can be exchanged at bureaux de change and banks at the official exchange rate. Please also be aware it is illegal to leave Zimbabwe with over \$1000 (or equivalent). As of June 2016 it is becoming increasingly difficult to withdraw money from ATMs in Zimbabwe. There is a cash limit of \$500 per day - however a lot of banks are not replenishing the ATMs. It is strongly advised that you bring enough money with you before you enter Zimbabwe and don't rely on getting any whilst there.

Travellers cheques are accepted at banks, these should be in US Dollars or Pound Sterling to avoid additional exchange rate charges. Most banks will want to see your passport and proof of purchase receipt before cashing your travellers cheques. Please Note: Travellers cheques can be difficult to cash so do not rely upon them as your sole source of funds.

Time & Voltage

Standard voltage is 220-240V. Primary sockets require a 'Type G' - British plug, or 'Type D' - old English plug or Indian plug. You will need a voltage converter and plug adapter in order to use U.S. appliances.

Zimbabwe is 2 hours ahead of GMT. Daylight saving time is not observed.

Climate

Although located in the tropics, temperate conditions prevail all year round in Zimbabwe as the climate is moderated by altitude and the inland position of the country.

Zimbabwe has a rainy season from November/December to March, during this time days are hot and sunny with possible afternoon thunderstorms. By April and May most of the rain is gone, skies are clear and days are sunny and warm. Night time temperatures drop dramatically between June and August although daytime temperatures remain pleasantly warm. Late August sees the start of the hot and dry season which continues until October.
