Homestay Accommodation

If you're a grass-roots traveller who enjoys unique experiences, we offer a homestay option in Irkutsk.

If you choose homestay accommodation instead of a hotel in Irkutsk, you may be staying with a local family, couple or single person. In some cases the home owner may actually move out so that you have the home to yourself. Homestays in Siberia are basic, most are small apartments with shared bathroom facilities. Fold-out beds are common and your hosts are unlikely to speak English. There is usually only room for one or two guests so if you're travelling with a group of friends you'll be accommodated separately. Homestay accommodation is on a half board basis - it includes breakfast and dinner.

If you would prefer to stay in a homestay, please let On The Go know at time of booking. A discount will apply - see the pricing page of our website for details.

KNOW BEFORE YOU GO

Style of Travel

Our Trans-Siberian Railway journeys run as an independent package, combining the train journey and stopovers, booked specifically and exclusively for you.

You will not be travelling in a group and will not have a group 'tour' leader with you. You could be sharing your train carriage with Russians, Mongolians or Chinese and may find you are the only Westerner. Half the fun of the train journey is trying to communicate with your fellow travellers, learning new card games, taking time out to read or just sit back and watch the world go by.

If stopping at intermediate points en route, you will be met on arrival by one of our local drivers (who sometimes can speak English) and transferred to your accommodation. We offer a range of optional excursions that you can book before you travel or you can choose to independently explore each port of call.

Are You A Trans-Siberian Traveller?

If you like everything to happen like clockwork, for everyone you encounter to speak English on command and cannot cope without 24 hour assistance from a travel representative, then a Trans-Siberian adventure is probably not the type of holiday for you!

Our Trans-Siberian railway journeys are suitable for adventurous, independent travellers, in search of new and sometimes intrepid experiences.

Please be aware that hotels and homestays en route are simple.

Though the cabins are cosy, the trains themselves are basic and whilst on-board you'll need to be happy to go without standard creature comforts such as a shower. On arrival, though friendly our transfer drivers are hired for their driving skills and do not always speak English.

Finally, do as much preliminary reading as possible. Both Russian and Mongolian cities and people are quite different to anything you will have encountered before. You may find that some the locals in Russia can be quite abrupt and curt at times and that the customer service offered at hotels en route, is not up to the high standard that we've come to expect in the West. You need to take this with a pinch of salt, it's just the Russian way, expect your service without a smile!

As long as you're aware of all these facts, you'll be mentally prepared for this epic journey!

Hotels

We provide simple 3 star hotel accommodation on all of our Trans-Siberian journeys, with en suite rooms and breakfast included. However please note that in Siberia and Mongolia officially rated 3 star accommodation cannot be compared to hotels of a similar standard in Western Europe or, and in particular, the United States.

Train Schedules

Trans-Siberian Railways do change their schedules from time to time, which could alter the itinerary. Please check with us at time of booking.

Upgrades

If you wish to upgrade to a 2 berth cabin or a party of 3 wishing to exclusively occupy a 4 berth cabin, please contact us for rates and availability. Please note availability is limited with some trains only configured with one 2 berth cabin wagon (containing 18 seats) and on services between Irkutsk and Ulan Ude, 2 berth cabins are not available. From May - October, all routes are particularly busy, and an upgrade may prove difficult to obtain. On The Go Tours will advise on an individual basis, whether an upgrade will be possible.

Despite the myth, Cabins with shower or en-suite facilities do not exist. However there is a WC/wash basin is located at the end of every wagon, with a 220v AC 2-pin razor socket.

Visas

Visas are required by all visitors to China, Mongolia & Russia. If booking at On The Go we will supply your Russian Invitation, required for a Russia visa.

If you're a resident of the UK and would like someone to handle your visa application for you then we recommend CIBTvisas. Please visit <http://www.cibtvisas.co.uk/onthego> for details.

It is your responsibility to procure your visa in a timely fashion and visa fees are at your own expense. We recommend you apply for visas at least 6 weeks prior to departure. Further visa info is available online at onthegotours.com.

Time & voltage

One of the most disorienting aspects of the Trans-Siberian is working out what time it really is! On Chinese trains, everything works to Beijing Time so train and station clocks are set to this. The time will change again to Ulaan Baatar time in Mongolia & Moscow Time in Russia. Pack a travel alarm clock!

It is suggested that you are vaccinated against Polio, Tetanus, Diphtheria, Typhoid and Hepatitis A. If visiting Yekaterinburg between May-August, immunisations against Tick-borne Encephalitis is recommended. Requirements change so please check this information with your GP or Travel Doctor.

What to pack

- A Frameless rucksack/backpack.
- Small daypack or bag for your valuables.
- Summer - Russia, Mongolia and China can be surprisingly warm during July & August, so it's suggested you pack accordingly with lightweight cottons (warmer clothes for evening).
- Winter – Russia, Mongolia and China get very cold and can experience frigid conditions October - March. Pack a scarf, top quality gloves, hat, thermal leggings and a heavy longer length coat. Wear water and slip-proof shoes or boots.
- Personal first aid kit (see 'Health precautions'), mosquito repellent & sunscreen (summer).
- Sunglasses, umbrella, torch, pocket knife, money belt & universal adaptor plug.
- Bathing/swimmers/trunks & towel for Russian banyas/sauna, lake swimming etc.
- Headscarf (ladies only) for entry into churches.
- Aboard the train - mug, spoon, instant coffee, tea bags, drinking chocolate, cuppa soups and pot noodles, chocolate bars, fruit such as oranges, snacks, slippers, plenty of reading material, pack of cards, puzzles, MP3 player, radio, Trans-Sib guide book, phrase books, small gifts from your country, flat-pack WC paper, wipes, pack-lock (for your pack).

- Two spare passport photos/passport photocopy in case of loss/theft.
- Your luggage should not exceed 20kg (44pounds). Pack light and leave room for souvenirs!

What is it like aboard?

Plan to dress casually in T-shirts, jeans or jogging pants and comfortable shoes. Temperatures are regulated regardless of the season, so short-sleeves may be all that is needed.

Generally, each train is around 15 wagons long. At the end of each wagon, is a WC/ wash basin. Each wagon is manned by a provodnitsa (wagon attendant).

All routes longer than 24 hours have a buffet/dining car service (operated by the railway company of the country you are in). Available to all passengers, you can sit down to café style food, paid for in local currency. Occasionally there is a shower available in the 'special services' wagon for an additional cost of approx: USD \$5 and you will need to provide your own toiletries, towel and shower shoes.

Luggage - suitcase or backpack?

Most people find that a frameless backpack/ rucksack is easier to manoeuvre and preferable to a suitcase. They are easier to carry and stow on-board, and do not have wheels which can get mired in snow and dirt.

Luggage Stowage

Train cabins offer a surprising amount of luggage space - beneath the bottom bunks and near the ceiling. It's a good idea to keep your valuables on you, and luggage should be locked at all times. Trains are used by Chinese, Mongolian and Russian traders, who try to use all available space for their goods and may try to store goods in your cabin - some sharp words may be needed - You are entitled enough space to store your luggage, which they may forget!

The cabin

There are usually 4 berths (2 up, 2 down) to a compartment, with plenty of luggage space.

The cabin door can be locked by turning the door catch, and pulling a metal catch out to the left of the door. Each cabin has a small table (with bottle opener underneath), a small fold-out ladder to help people to the upper berths and coat hangers and hooks for hanging.

The provodnitsa

An attendant, known in Russia as a provodnitsa, staffs each train wagon. Their duties include checking your tickets, distributing pre-packaged linen (at additional and nominal cost) and keeping the public areas of the wagon clean. They also keep their eye on the WC, samovar and the cabins. Flashing your biggest grin upon boarding may keep you in favour with them during the journey!

The routes

The term 'Trans-Siberian Railway' is used to describe the 3 main train routes which traverse the Eurasian continent. Starting in Moscow, all routes run parallel through Yaroslavl on the Volga, Yekaterinburg in the Urals and traverse Siberia. Soon after Irkutsk near Baikal's southern extremity, they diverge with the Trans-Siberian route continuing to Vladivostok and the other two continuing on to Beijing:

The Trans-Mongolian route: Moscow - Ulaan Baatar - Beijing: Just beyond Ulan Ude on Baikal's east shore, it heads south across the Mongolian steppe to Ulaan Baatar and Beijing.

The Trans-Manchurian route: Moscow - Beijing. Just after Tarskaya, this route heads around the eastern border of Mongolia to Beijing.

Boarding the train

All trains to Irkutsk, Ulaan Baatar and Beijing depart from Moscow Yaroslavl Station. Trains to Yekaterinburg depart from Moscow Kazanskaya Station. The nearest Metro stop is KOMSOMOLSKAYA. Both stations offer kiosks for the purchase of snacks and drinks. There are toilet facilities and seated waiting areas.

Border crossings

Be prepared for long and tedious border delays, primarily due to passenger numbers and the volume of contraband the traders are carrying. Most of the time, you'll be on-board, though if you're asked or decide to disembark, take your coat and valuables. If you're not allowed off, remember the toilets will be out of action whilst you're halted. Overall, expect delays of some 5-6 hours.

Russia-Mongolia border

Both Russia and Mongolia use the same railway gauge so a 'bogie-change' is not required at this border. Officials, however, take their time searching the compartments of Russian and Mongolia traders looking for goods that attract duty. You'll usually be subject to customs and immigration checks at both Naushki on the Russian side and Sukhbaatar in Mongolia and be required to complete the appropriate forms.

Mongolia-China border

Most trains cross this border at night, so expect little sleep. You'll be subjected to customs and immigration checks at Zamyn-Uud in Mongolia and Erlian in China and customs forms will need to be completed. Once your passport is returned, you're usually free to disembark and look around.

The train's bogies are changed at Erlian. If wanting to watch, stay on the train until it reaches the bogie changing sheds. Here, the carriages are raised and the bogies are replaced with those used in China. You may be able to take photos. You can then walk or take a rickshaw back to the station proper.

Essential packing

Please check local temperatures so you can pack accordingly. Visit www.worldclimate.com

no access to social media channels such as Facebook, Instagram, Twitter, Google Plus - so no Google Maps and no Play Store. To bypass the firewall, you could look at downloading a VPN, which is much easier to do before you go to China.

WeChat:

Communication between the group and Tour Guide or Leader is best via the app: WeChat. Please install this App prior to your holiday as it is very hard to download the app once you have arrived in China. If you opt to open the WeChat account prior to arrival and it requests that you have to be contacted by someone already on WeChat before opening your account, don't worry, this can be done locally with your guide (just have the app downloaded ready to finalise opening your account locally).

There is also limited international calling options, so please check with your local provider before leaving home, to source the best roaming or online options to keep in regular contact with family and friends during your travels.

Travelling by train

Fast and efficient, China's first rail lines were laid in the 19th century, and today the government continues to invest heavily in this crucial mode of transport which connects many parts of the country. When travelling during the day, 'soft' seats, that is to say 'upholstered' seats are provided.

For overnight travel on some of our "Signature Range" tours, clients are accommodated in 'soft class' sleeper cabins. Aboard each wagon are 9 compartments that comprise of 4 bunks per compartment. Four people of mixed gender share one compartment. On occasion, dependent upon group size, you may be sharing with local people on the overnight journey, though sometimes dependent upon how the Chinese Railways Booking Office configure the bookings, the cabin may be filled with four of our passengers.

A dining wagon serves reasonably priced Chinese food of the noodles and rice variety, along with snacks and drinks. A very simple

menu is published in English. Each wagon offers a WC and hand basin facility. At one end, is a Chinese squat-style WC, whilst at the other end is a modern Western-style WC. Cabins are lockable from the inside and luggage is stowed in overhead compartments and under the bottom bunk. Bed linen and slippers are supplied, and often there is a TV mounted on the wall at the end of each bed that may even work. Most channels are broadcast in Mandarin, excluding one English Channel, which has little of interest on it!

For overnight travel on budget "Essentials Range" tours, clients are accommodated in "open" 6 berth bunks. We try to get all of our travellers in the same compartment/seating area so that you can have fun getting to know each other better, playing games etc. It is possible to upgrade to a four-berth soft sleeper on your trip, please contact us at time of booking for rates (upgrades are only possible if the open class ticket has not already been purchased and please note that you will be sleeping in another carriage to that of those in the 6 berth carriages).

Shopping in China

China is a virtual Aladdin's Cave. Government-run Friendship Stores in almost all cities stock a range of fixed-price souvenirs and handicrafts and can offer a reasonable idea of what is acceptable in terms of quality and price. After a visit to the Friendship Store, visit private stores, craft shops and local department stores. However, the best shopping is often at public markets. If you see something you want, buy it when you see it - prices don't vary greatly, but selection can vary from location to location.

In the tourism industry it's common practice for commission to be offered in exchange for recommending particular shops or suppliers. This can become an issue when clients feel obliged to purchase. We do our best to avoid this by monitoring all shopping experiences offered.

All shopping experiences on your tour have been noted in the itinerary and they have been carefully selected based upon positive feedback from On The Go travellers. You are under no obligation to partake in a

listed shopping experience and you are most welcome to wait inside or outside the premises.

Although we only visit reputable retailers, please note that we cannot explicitly guarantee the quality of their products. All purchases made whilst on holiday with us are at your own discretion. Please make sure that you are completely happy with your purchase. On The Go cannot be held responsible for any items that you buy if they fail to meet expectation, or any shipping arrangements. Proceed with caution.

Holidays & events

China has many important National Holidays and events that are celebrated throughout the country. During these times (the lead up to them and afterwards) there can be delays to public transport, the roads can be much busier and many sites are a lot more crowded as the locals take this time to visit family, celebrate the holiday and experience the wonders and amazing places within their own country.

During this time you'll likely to encounter a celebratory atmosphere, but an additional level of patience, flexibility and understanding goes a long way so that you may enjoy your holiday.

As tourists, you will be generally be unaffected and your tour guide will do their best to plan around these events. Though when initially planning your holiday, if you prefer not to travel when sites are crowded or are concerned about delays, then travelling during these holidays is possibly not for you. It's not like home!

Travel to far - flung corners of the earth involves lifestyles and conditions that are sometimes very different from what you are used to back home. You must come prepared to cope with unusual situations, local inadequacies and unpredictable events as and when they occur. Foreign travel is definitely not suitable for people who expect or demand everything to go exactly as planned. With the greatest respect and in the

interest of your ultimate enjoyment you must understand this. Things can and do change in foreign countries.

Please visit www.onthegotours.com/China/Travel-tips-and-useful-info for what to wear, local customs, currency, WiFi and other helpful information to prepare for your holiday.

- Be prepared as the locals smoke everywhere in China
- The Chinese don't have an awareness of personal space, be ready to have people standing very close to you, nudge you or even walk into you, they are not being rude, it's just a very different culture
- Many tourists report scams in Shanghai, so be friendly but careful. Never ever follow a stranger anywhere
- Spitting and snorting is common in China as they see the use of tissues as unhygienic
- Some locals won't queue and will often walk straight to the front of a line with no awareness or care of what they have done wrong
- Chinese people are delighted if you make any attempt to speak Mandarin, even if it's only a couple of words

Toilets/washrooms

Public toilets, when found, are usually 'squats' - holes in the ground with footrests at either side and often don't possess a door! They can be a novelty and are easy to use. The custom is to wash with water from a jug or little pipe attached to the toilet using your left hand. Doesn't appeal? Here are some hints!

- Time yourself with the accommodations you are staying at
- If you are out and about, find the nearest hotel, restaurant, fast food outlet, or toilets at tourist attractions, which all tend to have Western style facilities
- Ask your tour guide to make a stop
- Always take some antiseptic hand gel or antibacterial hand wipes with you and BYO toilet paper as its rare in public toilets
