**Overnight - Samburu National Park** (B, L, D)

### Day 3 : Samburu Reserve

Sleep in or rise early, but we recommend getting out into bush first thing to experience prime wildlife activity. As you continue with your game drive through this scenically and wildlife dramatic reserve, watch out for the unique Grevy's zebra or Beisa Oryx, both species only found north of the equator. Find relief from the hot African sun back at the lodge as you chill-out in the afternoon. As the day cools, you shall return to the reserve for one last game drive.

**Overnight - Samburu National Park** (B, L, D)

### Days 4-5 : Lake Nakuru

Samburu National Park - Lake Nakuru/Elementaita. This morning after breakfast you depart for Lake Nakuru National Park with a stop for lunch and to admire the views at Thompson's

Today enjoy more game viewing in the morning and late afternoon. The

Masai Mara is most famous for its large population of big cats. All members of the big five are also present in the Masai Mara and other species from hippos, zebra, antelope, gazelle, giraffe, impala, hyena and more. **Overnight - Masai Mara National Park** (B, L, D)

Please also note that your passport must be valid for a minimum of six months from the end date of your trip.

Visa requirements and fees are subject to change. It is essential that you check the current entry requirements for all of the countries visited on your safari, with each relevant embassy/consulate prior to departure. Visa procurement is the responsibility of the traveller and not of On The Go.

## Booking your flights

When booking your departure flight you should allow time at the end of your African safari for any unexpected delays. We recommend that you book your onward flight no earlier than 24 hours after the end of your safari. In the case of our longer overland camping safaris (22 days or more) we advise against making any firm arrangements for at least 48 hours after the scheduled departure date. We can arrange post tour accommodation for you upon request.

## Kenya Country Guide

### Vaccinations

You should seek medical advice before travelling to Kenya from your local health practitioner and ensure that you receive all of the appropriate vaccinations. As a guide Polio,

Diphtheria, Hepatitis A&B and Tetanus is strongly recommended. Rabies and Meningitis are also recommended.

There is the risk of malaria in Kenya so it is very important to check with your doctor before you go, to see whether malarial medication is required for the areas you are visiting. A Yellow Fever Vaccination Certificate is required for travel to Kenya and if travelling from an infected area it must be presented upon arrival in order to be granted entry. Please also note that if you are travelling onward to Uganda and/or Rwanda you will need a Yellow Fever Certificate to produce on arrival in order to be granted entry.

### Time & Voltage

Kenya is 3 hours ahead of GMT. Daylight saving time is not observed.

In Kenya the standard voltage is 220–240V. Primary sockets require a 'Type G' – British BS-1363 type, three pin plug. You will need a voltage converter, and plug adapter in order to use U.S. appliances. We recommend packing a universal adapter.

### Currency

The currency of Kenya is the Kenyan Shilling (code KES, symbol KSh).

1 KSh = 100 cents. Notes are in denominations of: KSh1,000, 500, 200, 100 and 50.

Coins are in denominations of KSh20, 10 and 5.

Banking hours: Mon-Fri 0900–1500, Sat 0900–1100. You can exchange money in banks or bureau de changes. Be aware that old pre-2010 US\$ banknotes or torn or marked banknotes are difficult to exchange in Africa so make sure you take crisp new notes! In major towns/cities most banks have an ATM. American Express, Diners Club, MasterCard and Visa cards are all widely accepted.

Travellers cheques can be changed at banks, these should be in US Dollars or Pound Sterling to avoid additional

exchange rate charges. Most banks will want to see your passport and proof of purchase receipt before cashing your travellers cheques. Please Note: Travellers cheques can be difficult to cash and often have restrictions of about US\$100 a day maximum. They also tend to attract high commission charges, especially when exchanging for hard currency.

## Climate

Kenya is an excellent year round destination with a favourable climate and reasonably low rainfall. In general the hottest months are December to March, although the climate varies enormously from place to place. The lowland coastal areas are tropical, with year round high temperatures and humidity, which is at its peak in April and May, although tempered by monsoon winds. The highlands are more temperate with four seasons. Nairobi has a very pleasant climate throughout the year due to its altitude. Near Lake Victoria, the temperatures are much higher and rainfall can be heavy.

## Plastic Bag Ban

Effective August 2017: All passengers arriving into Kenya including tourists can possibly face very heavy fines for using plastic bags in any way, shape or form. Using, manufacture or importation of plastic bags, including garbage bags and shopping bags is illegal. Offenders, including tourists, could face very heavy fines. Visitors/Citizens and Residents alike are advised to avoid packing any plastic bags in their suitcases or in carry-on hand luggage before flying to Kenya. Items purchased at the airport before boarding the aircraft should be removed from plastic bags. Please check hand luggage before disembarking at entry points and any plastic bags should be left in the plane. Similarly the transparent "zip-lock" plastic bags that some airlines require passengers to use for keeping

liquids, cosmetics, toiletries etc separately in hand luggage are also not permitted to be brought and should be removed and left on the plane before disembarking.
