natural border between South Africa and Namibia. Our accommodation for the evening is situated on the South African side of the river with beautiful views. **Overnight - Orange River** (B, L, D)

Day 4 : Fish River Canyon

Orange River - Fish River Canyon. Today we cross the border into Namibia and make our way to Fish River Canyon, the second largest canyon in the world. Formed by tectonic activity and erosion it measures 161km in length, 2km in width and roughly 550m in depth. Following the eastern rim we'll get the chance to stop at a number of vantage points for breathtaking views across the canyon. **Overnight - Grunau** (B, L)

Day 5 : Sesriem

Fish River Canyon - Sesriem. It's an early start today as we make our way north through the Namib-Naukluft desert, one of the oldest in the world. With a sea of towering sand dunes, some of which are reputed to be the highest in the world, it's an incredible part of the world. Our base for the next two nights is the Sossuvlei area, a great place to explore the region from. **Overnight - Sossusvlei Region** (B, L)

Day 6 : Namibia's Sand Dunes

Today we further explore the amazing Namib-Naukluft National Park. We have the opportunity to climb Dune 45, so named

because it's at the 45th kilometre on the road that connects Sesriem gate and Sossuvlei. This impressive dune stands at around 80 metres at its highest point and is made up of 5 million-year-old sand. Later today you'll have the opportunity to join one of the desert shuttles that heads a further 5km into the desert, reaching Sossuvlei, characterised by salt pans surrounded by imposing red sand dunes. **Overnight - Sossusvlei Region** (B, L)

Days 7-8 : Swakopmund

Sesriem - Swakopmund. After breakfast we head north-west in the direction of the Atlantic Ocean and the town of Walvis Bay before continuing to the seaside town of Swakopmund. During our journey we'll cross the Tropic of Capricorn.

On day 8 you have some free time to explore this beautiful colonial town or partake in some of the optional adrenaline activities on offer here. We end the day at our accommodation in Brandberg. **Overnight - Brandberg** (B, L, D)

Days 10-11 : Etosha National Park

Brandberg - Etosha National Park. On day 10 we depart for Etosha National Park. Covering over 22,000 square kilometres, Etosha is Namibia's most significant and impressive national park.

On day 11 we explore Etosha National Park further. Located around the Etosha Pan, the

national park is home to a huge variety of animal and birdlife. The network of unpaved roads give us a fantastic opportunity to get deep into the remotest parts of the park. This afternoon we explore the southern area of Etosha, with a thriving Oryx and Springbok population to be seen. This evening we return to our accommodation just outside the national park where you might wish to have a quick dip in the pool or enjoy a sundowner before dinner. **Overnight - Etosha National Park** (B:2, L:2, D:2)

Day 12 : Etosha National Park

Today we make our way through the park heading northwards, en route we'll see many different fascinating animals. You may wish to head to the waterhole where you can sit and observe the animals that come and go.

Overnight - Etosha National Park (B, L)

Day 13 : Windhoek

Etosha - Windhoek. After our breakfast this morning, we head out of the park. Today's drive will take us through small rural towns and scenic landscapes. Nestled between the hills, Windhoek is a rather small capital city but has many places of historical interest. Dunes, Deltas and Falls

Days 15-17 : Maun

Ghanzi - Maun - Okavango - Maun. Travelling north on day 15 we reach Maun, which is the starting point for the majority of people travelling to the Okavango Delta. This evening we begin our preparations for the following day.

On day 16 we rise early and head north to the Mokoro peler's station. Along the drive we'll see a number of local villages where families have lived in a traditional way for many years. Mokoros are dugout canoes manoeuvred through the waterways by local guides who "pole" them through the reeds. After a leisurely glide through the delta we reach our accommodation for the night. The afternoon and evening will offer the chance to relax with a cold drink or take a dip in the delta. The Okavango Delta, travelling from the Angolan highlands, is the largest inland delta in the world and is studded with lushly vegetated islands and unique bird life, with over 400 avian species.

On day 17 we have the opportunity to take a game walk through the delta before we take a mokoro ride back to our vehicle in time for lunch. From here there will be an optional scenic flight over the vast expanse of water (dependent on weather conditions & availability). This afternoon we continue back to Maun. **Overnight - Maun** (B:3, L:2, D:1)

Day 18 : Nata Region

Maun - Nata Region. Departing Maun we head east around the edge of the scarcely populated area of the Makgadikgadi Pan. One of the largest salt flats in the world it is the vast remains of an early super lake. After reaching our accommodation this afternoon we have the option of taking a game drive or a bushwalk. **Overnight - Nata Region** (B)

Day 19 : Kasane

Nata Region - Kasane. We continue north this morning travelling to the town of Kasane and to our accommodation on the banks of the Chobe River. The Chobe River is a natural border which divides Botswana, Namibia and Zambia. Be on the look out for the local hippos hiding just below the surface.

As the main water source of the region, the river attracts an abundance of wildlife to its shores, and our accommodation is the perfect place to spot any game that've made their way down to the water's edge. **Overnight - Kasane** (B, L)

Day 20 : Chobe National Park

Kasane - Chobe National Park. This morning offers some free time to relax or explore the local town of Kasane before we prepare for our Chobe National Park Overnight Mobile excursion – an overnight experience in the wilds of the Chobe National park. Chobe is one of Botswana's premier game parks, renowned for its large elephant herds. Spend the afternoon in search of wildlife while we game drive to our camp within the park where we spend the evening surrounded by the night-time noises of the local wildlife. Look out for the rare Sable and Roan Antelope on your game drive, with their majestic backward slanting horns, or try keep a count of the Lilac Breasted Roller's that swoop by! **Overnight - Chobe National Park** (B, D)

Day 21 : Victoria Falls

Chobe National Park - Victoria Falls. Heading out of Chobe this morning we make our way back to our vehicle before we head for the Zimbabwe border. After departing Botswana we have a short drive to the town of Victoria Falls, named after the world-famous waterfalls. You then have the opportunity to explore the Falls before continuing to the town. The rest of the day offers time to relax and unwind. **Overnight - Victoria Falls** (B)
