After breakfast we have a short Welcome Meeting we travel to the Giza Plateau to visit the legendary Pyramids of Giza, the sole survivors of the ancient Seven Wonders of the World. Known as Cheops, Chephren and Mycerinus the great pyramids were built over 4500 years ago to protect the mummies of the pharaohs and the treasures they took with them to the afterlife. Constructed from over 2.5 million limestone blocks, Cheops is the largest of the great pyramids and it is thought to have taken 100,000 workers more than 20 years to construct. For a real Arabian experience, you can opt to hire a camel for a ride across the sands of Giza.

The Valley of the Kings is studded with beautifully decorated tombs, which were carved into the desert rocks to house the regal sarcophagi enclosed mummies of the mighty pharaohs awaiting passage into the after-life, including the famous tomb of King Tutankhamen.
