base for spotting the Northern Lights in the winter months from September to April.

Please note that we strongly recommend arriving in Reykjavik the day before your tour starts. We are happy to help you book pre-tour accommodation if required. **Overnight - Kirkjubajarklaustur**

Day 2 : Jokulsarlon Glacier Lagoon & Vatnajokull Glacier

Today's touring starts with a visit to the black sand Diamond beach and Jokulsarlon Glacier Lagoon. Admire the giant icebergs here, which have broken off from the Vatnajokull Glacier. During the winter months, we will enjoy a hike on the glacier itself before visiting a natural ice cave. In summer, we will instead head to the natural Katla ice cave near Vik. This is the only ice cave in the country that can be visited all year round.

We then return to the hotel. There will be another chance to see the Northern Lights tonight if travelling in winter. **Overnight - Kirkjubajarklaustur (B)**

Day 3 : Return to Reykjavik

Kirkjubajarklaustur - Reykjavik. Departing our hotel, we begin to make our way back to Reykjavik, with plenty of stops along the way.

Weather permitting, we visit Fjadrargljufur Canyon. We also see the dramatic lava field at Eldhraun and stroll along the black sands of Reynisfjara beach. Keep an eye out for the towering basalt columns located just offshore.

Our final stop is Skogafoss, another of Iceland's incredible waterfalls. If you wish, you can climb the 527 steps to the top of the 60m cascade. Enjoy panoramic views of the Eyjafjallajokull volcano, which caused so much travel misery in Europe when it erupted in 2010.

We'll arrive in Reykjavik between 16:00 - 19:00 when your tour will come to an end. If you'd like to stay in the city for a few days to further explore, then we are happy to arrange post-tour accommodation for you!(B)
